University Catalog:

Disclaimer

The American University in the Emirates aims to adhere to policies and procedures, Admission and Registration, Bachelor and Master Degree requirements and financial charges as announced in this Catalog. The AUE, still, reserves the right to modify its policies that may affect the admission and enrollment of students or the granting of credit degrees, or to adjust its fees and other charges, when such adjustments are deemed necessary.

Efforts are made to ensure that the information provided in this catalog is accurate, therefore regulations and policies of the University are not changed by other errors.

Anyone attending the American University in the Emirates is required to abide by the AUE code of conduct which is consistent with the United Arab Emirates norms and traditions.

While this catalog is a contract between AUE and students, each student is ultimately responsible to read and understand all policies and regulations, and ensure fulfilling all graduation requirements for the student's particular program.

About American University in the Emirates

History

The American University in the Emirates (AUE) originated in the academic year 2006-2007 as the “American College in the Emirates” (ACE). As a self-financed institution, ACE awarded two-year associate degrees in media, information technology, business, and design. It focused on general education and liberal arts for a student’s first year and offered specialization courses with job training for the second year.

The cohort of 2006-2007 comprised 40 students, a blend of first-year students and working professionals. By the year’s end, 21 students dropped out; the dropouts’ barriers were lack of competency in the English language and mathematics. However, with the shareholders’ commitment and financial support, two new priorities were added to the initial strategic plan: 1) student success and retention and 2) resource optimization. By the end of the academic year 2007-2008, the College developed the slogan “Nothing is Impossible”.

In 2008-2009, the College’s Board of Trustees observed the effects of the crisis on the United Arab Emirates’ markets and business firms and on the College’s graduates. Consequently, bachelor’s degree programs were offered. By the end of the academic year 2007-2008 (May 2008), American College in the Emirates changed its name to “American University in the Emirates” (AUE). Simultaneously, the Institution substituted its associate degree programs with four-year bachelor’s degree programs.

In 2009-2010, AUE received initial accreditation of its bachelor’s programs in Media, Business, Computer, and Design. The College of Business Administration (COBA) started offering a bachelor’s degree in Business Administration with three specializations and added another five unique specializations in the following year. COBA also became a member of AACSB International—The Association to Advance Collegiate Schools of Business (AACSB)—in April 2013 and has worked towards its initial accreditation since then. AUE also received the initial accreditation of its first graduate program, Master of Arts in Diplomacy. The university received the initial accreditation of another two programs in Digital Animation and Graphic Design in June 2009. This year also witnessed new academic programs in the College of Computer Information Technology (CCIT) with two Bachelor’s Degree Programs. The College of Media and Mass Communication (CMMC) started offering specializations in Public Relations, International Relations, and Media Sales.

In 2010-2011, AUE received its initial accreditation for Interior Design and Fashion Design for its Bachelor of Science in Design. The University that year added another graduate program, Master’s in Business Administration, and established the College of Law (CLAW) with a Bachelor of Law program. In 2010-2011, AUE held an “Underwater Fashion Show” at the Atlantis Hotel on The Palm and took the initiative to form an official Student Council. Also, an athletic office was established with the men’s swimming and soccer team.

In 2011-2012, the university established the Office of Career and Internship and the Office of Alumni and organized AUE's first Commencement Ceremony on November 11th, 2011. The University's soccer team won first place amongst Dubai Universities Football League and third place in the National League in the following year. In addition, the swimming team won first place in the National Universities Swimming Championship. Students also initiated "Global Day", which focused on appreciating and celebrating the multicultural community at AUE. The event has been celebrated every year since then.

The university added another specialization of Radio and TV in the Bachelor of Arts in Media and Mass Communication in February 2012.

In 2012-2013, A Bachelor of Arts in Security and Strategic Studies was launched, with four unique specializations in Natural Disaster Management, Emergency Management, Crisis Management, and Risk Management. Two graduate programs were offered at the same year: Master of Sports Management and Master of Arts in Security and Strategic Studies. The University organized its first Winter International Practicum Program for Villanova University and its second AUE Commencement Ceremony on 12/12/12!

In 2013-2014, AUE hosted an international conference on NATO's approach to Gulf Cooperation, "Lessons Learned and Future Challenges. In the same year, AUE also hosted its Global Day event and its first local event to raise awareness of breast cancer. The year witnessed its third commencement ceremony, held on 11/12/13!

In 2014-2015, the University received accreditation for a new graduate program in sports law and its initial accreditation to offer another Bachelor's Program in Public Relations.

AUE also held its first International Breast Cancer Awareness Forum, its first International Conference on Sports Management and Sports Law and 'International Conference on National Capacity Building Strategy for Sustainable Development and Poverty Alleviation in May 2015. In 2014-2015, the commencement was conducted in the desert for the first time.

AUE also organized the International Conference on Technology and Business Management (ICTBM-15) in association with the International Forum of Management Scholar in March 2015. AUE Students participated in a number of activities and competitions abroad: the Jaguar MENA Design XE competition, Thai Fabric Workshop organized by the Thailand Academy Project, a youth leadership conference in Prague, and a study abroad program in the US, "America in Global Context Summer Scholars Program," at George Mason University. Also, students visited Istanbul Modern and the Research Centre for Islamic History, Art and Culture (IRCICA). Students from the Professional Master of Sports Law at the College of Law organized a seminar entitled "Criminalisation of Drugs and the Prohibition of Steroids in Sport" in June 2015.

In addition, AUE organized a series for various countries' ambassadors to share their valuable insights and rich experience about contemporary issues, and it initiated the "UAE Familiarization Program" and welcomed students from Sam Houston State University.

In 2015-2016, IBM tracks were integrated into the College of Computer Information Technology's Network Security and Digital Forensics courses. Also, College of Design students received the Recycle Runway Awards at the BRIDE Show Dubai 2016.

The university established the International Council of Women and welcomed the delegates from Villanova University and Sam Houston State University under the "UAE Familiarization Program". AUE also conducted a vital two-day workshop on International Sports Tourism and another two-day workshop on Refugees Protection. Another significant event was organized for budding broadcast journalists and filmmakers. Simulation and protocol trip to Greece was conducted. Students had also the opportunity to visit NATO Defense Range at Chania. The year witnessed a glittering commencement ceremony on 12/15/15!

In 2016-2017, the university introduced the Bachelor of Education and another three graduate programs were added to the College of Law: Master in Arbitration, Master of Criminal Science, and Master in Intellectual Property. Furthermore, AUE held its 1st International Equine Forum. AUE and Dubai Immigration Department organized jointly a seminar in the area of Future Foresight. As a result of this seminar, AUE organized the Future Foresight Workshop.

The seminar for knowledge management was organized in April 2017 at the Dubai Court and delivered by knowledge management international practitioners and academics. The year also witnessed an International Design Conference on Education, Teaching, & Learning in October 2016, organized by the College of Design.

In honor of Gulf Cancer Week and World Cancer Day, the university conducted a trilogy of seminars to raise awareness of the causes and preventions of cancer and change attitudes in the UAE. Also, AUE students were selected in the China International Ceremonial Couture Design Contest 2016 in Beijing with the theme of "China's Silk Road". The graduation ceremony was on 6/6/16.

In 2017-2018, the graduate program in Master in Security and Information Analysis was initially accredited, and the Bachelor of Science in Computer Science program received accreditation from the Accreditation Board for Engineering and Technology.

In November 2017, the College of Computer Information Technology organized the first Smart Cities Forum at the University premises. Also, AUE held its first International Research Conference in association with Springer. To celebrate the university 10th anniversary, the university hosted a two-day Anniversary Carnival at their campus in Academic City attended by many students, faculty, and guests.

The College of Business Administration hosted its first AUE International Forum in Hospital, Insurance & Healthcare Management on May 7th and 8th, 2017. The university this year also celebrated the winning of its football team in the universities' champions league.

The university also established a seventh College unique to the Middle East: the College of Security and Global Studies. The University received the reaccreditation of its business, design, and security programs and accreditation of a multidisciplinary master's degree program in Knowledge Management.

The university also witnessed the first annual student council ceremony and had an inter-university debate competition in cooperation with Dubai International Academic City.

In 2017-2018, the university registered its first patent with United Kingdom Intellectual Property Office for Lifeguard behavioral intervention technology and a second patent with UAE Patent Office for Road and Transport Authority parking services.

In 2018-2019, AUE held its second International Research Conference during the academic year 2018-2019 in association with Springer on sustainable development and social responsibility.

In November 2018, the College of Computer Information Technology held its second forum of Smart Cities. The University hosted its inaugural Alumni Association Reunion in January, and in February, it hosted its Annual Car Show. In March 2019, the College of Law launched its Journal of Legal and Judicial Research incorporating three languages.

Also, the College of Design (CDES) organized the 1st Melange Exclusif Fashion Show in March 2019, and in April 2019, the College of Law organized the first scientific conference. The University also represented the United Arab Emirates in the Asian University Sports Federation (AUSF) Football Cup in China.

The university established the Innovation lab. The students also participated in UAE Innovation week in February 2019 and presented their projects in "Think Science."

The University renamed its annual Global Day 2019 as "Tolerance Festival" in line with the UAE's decision to strengthen stability and prosperity in the region. The year 2018-2019 also witnessed the establishment of the Faculty Senate for shared governance.

This year, the University started conducting annual faculty and staff elections for representatives in the University Council, Academic Council, Administrative Council, and Enrollment Council.

Moreover, the University this year registered another patent with the Patent Office of the Cooperation Council for the Arab States of the Gulf for a parking reservation device and online management system.

The year ended with a memorable commencement ceremony in line with the Year of Tolerance in June 2019.

In 2019-2020, the Student Life and Community Engagement Office hosted 30 student activities and events during the Fall semester, including a Freshman Fun Day and the Club Fair.

The University was showcased in the film "Midas," screened virtually at the Burbank International Film Festival in California in September, hosted the Expo2020 Dubai team on campus, and taught and provided short-training programs to prisoners.

In response to the global pandemic in the academic year 2019-2020, AUE shifted its course delivery and services to distance learning. Through its Student Life & Community Engagement Office, the Student Life Office organized "C3: Connecting to Combat Corona," a virtual student engagement and wellbeing program, where various students, professionals, and influencers were invited to participate in live webinars that incorporated a mix of the arts, wellbeing, and practical knowledge.

In that year, The number of publications in Scopus-indexed journals reached 100, with an overall increase in Q1 and Q2 publications. The total number of publications was 312.

Students under faculty supervision helped the UAE governmental sector by a virtual presentation to the General Directorate of Residency and Foreigners Affairs. The year also witnessed an industrial collaborative project among the University, Dubai immigration, and Hewlett-Packard (HP), and another with the Roads and Transport Authority.

In response to the unfolding of the global pandemic in the academic year 2019-2020, AUE shifted its course delivery and services online. The University has extended its academic and student support services to include the following five areas:

1. Academic Support Services, which include access to a broad range of educational learning opportunities for the enhancement of teaching, research and creative activities for faculty members and students.
2. Academic support services also include the Advising and Success Center, which offers support and assistance in conjunction with academic advisers to track student academic performance.
3. Students with physical and/or mental special needs receive the support needed not only physically but also virtually by the Counseling and Disability Office to achieve their academic career goals.
4. Student Support Services support students by offering various avenues of financial support. The Learning Management System allows students to apply for grants, scholarships and financial aids and allows them to submit the necessary supporting documentation online for the Students Life Office analysis, evaluation, and implementation in the light of the Student Financial Support Policy.
5. The Career and Job Placement Office prepares students for successful employment and offers an online career platform within the Student Learning Management Framework, allowing them to upload their resumes, view available jobs and upcoming career activities online, in accordance with the Career Policy.

Vision Statement

The American University in the Emirates (AUE) is dedicated to be one of the leading higher educational institutions locally and regionally, providing an integrated pathway for students to become creative, effective, and productive members of the community.

Mission Statement

The American University in the Emirates is a coeducational undergraduate and graduate degree-granting institution committed to preparing students as global citizens for future career aspirations and lifelong learning through quality teaching, research, and service opportunities.

Institutional Goals

Goal 1: Offer quality academic programs that enable students' success as professionals and positive contributors to their various communities.

Goal 2: Promote and support academic research at AUE.

Goal 3: Enhance and expand student and academic support services based on best practices to support students at AUE.

Goal 4: Engage in sustainable practices in the areas of finance, health, safety, and risk management.

Goal 5: Integrate quality management and institutional effectiveness processes across the university to seek improvement by using results.

Core Values

- Respect and Dignity for all.
- Openness, Trust and Integrity.
- Innovation and Creativity.
- Teamwork and Partnership for Common Goals.
- Persistence and Entrepreneurialism.
- Stewardship and Economic Viability.
- Equal Opportunities and Recognition.
- Improved Quality of Life.
- Safety and Environmental Responsibility.

Accreditation

American University in the Emirates, located in Dubai is officially licensed to 04th, September, 2022 by the Ministry of Education of the United Arab Emirates to award degrees/qualifications in higher education.

International Accreditation

College of Business Administration

As the world's largest business education alliance, AACSB International—The Association to Advance Collegiate Schools of Business (AACSB)—connects educators, students, and businesses to achieve a common goal: to create the next generation of great leaders. AACSB is a global membership association for the business education industry. The member network, known as the AACSB Business Education Alliance, is a network of business educators, business, non-profit, and public-sector organizations dedicated to sharing knowledge and best practices to accelerate innovation in business education. The American University in the Emirates College of Business Administration is a member of AACSB and is working to achieve accreditation. AACSB International is a global association of leaders in education and business dedicated to supporting and advancing quality business education worldwide. Through membership, accreditation, research, thought leadership, professional development, and advocacy, AACSB partners with over 1,700 organizations, from more than 100 countries. Membership or participation in the Global Education Alliance does not imply accreditation.

College of Computer Information Technology

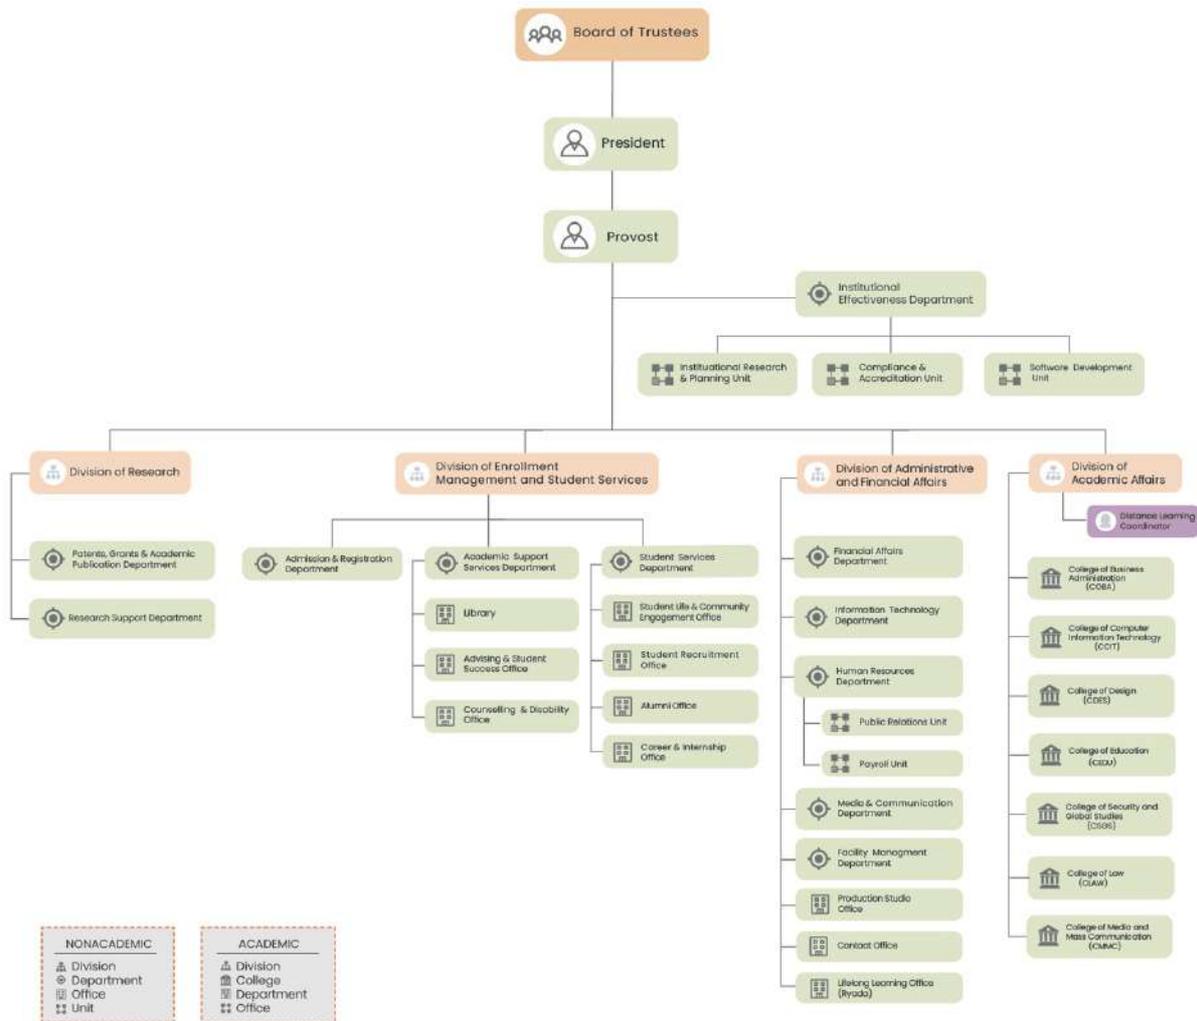

The Bachelor of Computer Science in the College of Computer Information Technology is accredited by the Computing Accreditation Commission of ABET: <https://amspub.abet.org/aps/name-search?searchType=institution&keyword=american%20University%20in%20the%20>

THE CAMPUS

Location:

The university is situated in Dubai International Academic City (DIAC), very accessible to all residential and commercial areas and at a 30-minute drive from the downtown. DIAC is a hub of education, where American University in the Emirates is one of the biggest Universities in the area neighbored with a number of other Universities from around the world.

Building:

The University campus is located in Block 6 and 7 of the Dubai International Academic City (DIAC). The University accommodates the building with 41 classrooms, 207 faculty and administrative offices, one (1) Conference Hall, 11 Meeting rooms, 1 Library, 2 Recreation and waiting areas, 1 First aid clinic, 1 Male and 1 Female rooms, in order to the academic and administrative activities.

The University shares the sports facilities, parking services, food court and recreation facilities with other Universities in Dubai International Academic City providing all campus facilities to the University community.

Area of buildings:

The building premises occupied by AUE are Block 6 which has the total floor space of 41, 203 square feet and Block 7 which has the total floor space of 71, 251 square feet providing the total size of the building space of 112,454 square feet.

Student capacity:

The University possess capacity to run 120 to 160 sessions per day in the available 40 classrooms. Depending on the class duration and credit hours taught. These sessions on daily basis can accommodate 4,000 to 5,000 students if the classes are fully utilized throughout the day but the University limits the number of students per session to provide an interactive and better learning environment for the students.

The 21 labs on other side possess the total capacity of 470 seats per session of the day and thus considering 3 to 4 sessions per day, may accommodate 1,400 to 1,800 students per day if the sessions are fully occupied throughout the day.

Description of offices:

The University consists of 207 offices for its academic and administrative staff to provide adequate resources for its academic and administrative activities. The offices are categorized based on the nature of work and position assigned to the staff that are built along with the meeting rooms, waiting areas, and storage rooms in order to minimize the movement, enhance the efficiency. The office structure helps the University to manage the crowd to provide a relaxing and calm atmosphere for University staff and students.

Description of classrooms and Labs in each floors:

The University provides adequate classroom facilities to support the academic activities, where the classrooms are equipped with all required needs including the seating of students, seating of the faculty, computer and projector for presentations, and stationary required for the classrooms. Below picture shows the images from one of the classroom, where all the classrooms are equipped with the similar equipment. The University building consists of 40 classrooms with a total of 1444 seats for students, where the University operates 12 hours on all 7 days of the week.

The University provides 20 laboratories to support the academic activities of all colleges in the University. Below is the list of all laboratories available in the University to cater all requirements of college activities in order to provide the best equipment in the field for students to practice their skills and gain knowledge to complete in the current vibrant market.

- Computer Lab
- Network Security Lab
- Database Programming & Administration Lab
- Business Intelligence and Simulation Lab
- Physics Lab
- Innovation Lab

	Master in Intellectual Property	Arabic

Admission Policies – Graduate:

In alignment with its mission, AUE follows a selective admission criteria, and it is committed to admit competent students, who will be an added value to the students' body and will assist the University in its endeavor to graduate students with high competences to support the development process in their community.

AUE offers equal opportunities for applicants, all admission applications are being evaluated equally apart from any discrimination based on religion, nationality, race, gender, age, or ethnic background. Applicants who fulfill the admission criteria become eligible to admission, however meeting admission requirements does not guarantee enrollment to University programs. The University reserves the right to limit admission and allow enrollment to limited space.

All the admission requirements and criteria are published in the University website, graduate catalog, and brochures. The University reviews the admission requirements annually and shall recommend and amend changes and additional admission requirements to recruit qualified and competent students.

All applicants seeking admission in graduate programs are required to submit the required scores, documents other admission processes. The Admission and Registration Department ensures the accuracy and authenticity of all student's credentials, as outlined in the admission procedure.

All documents and credential (original and copy) submitted by the students to the Admission and Registration Department become the property of the institution. The University reserves the right to retain the original credential to students.

Graduate Applicants are the ones who have completed their undergraduate degree, and are pursuing their graduate studies at AUE.

Admission Requirements

- » Original copy of the Bachelor Degree Certificate,
- » Attested by the UAE Ministry of Higher Education and Scientific Research. Applicants holding a baccalaureate degree from outside the United Arab Emirates should submit an equivalency letter from the UAE Ministry of Education- Higher Education Affairs.
- » Original Copy of the Academic Transcript, the Minimum CGPA required for university admission is 3.00* out of 4.00.
- » All Master Degree applicants who got less than 3.0 CGPA (but not less than 2.5) or its equivalent at their bachelor degree will be conditionally admitted to the university for one semester where they can register not more than 9C.H and should achieve a CGPA of 3.0 in their first semester, otherwise, they will be dismissed from the program directly
- » Applicants with CGPA less than 2.5 will not be accepted

English Proficiency Requirements

Applicants to all graduate programs (except for Master in Arbitration, Master in Intellectual Property and Master in Criminal Sciences) should provide a valid copy of one of the following:

- » TOEFL ITP 550
- » TOEFL iBT 79
- » IELTS Academic overall band 6.0
- » EmSAT English 1400

Applicants for Master in Arbitration program should provide a valid copy of one of the following:

- » TOEFL ITP 500
- » TOEFL iBT 61
- » IELTS Academic overall band 5.0
- » EmSAT English 1100

Applicants for Master in Intellectual Property and Master in Criminal Sciences Program should provide a valid copy of one of the following:

- » TOEFL ITP 450
- » TOEFL iBT 40
- » IELTS Academic overall band 4.5
- » EmSAT English 950

Additional Admission Requirements

- » Applicants applying for Master of Business Administration program (MBA) should submit a valid GRE® (Graduate Record Examinations) test report upon admission, otherwise, they will be conditionally admitted for one semester where they have to sit for the test before the end of

the first semester. Test takers should include the AUE's institution code "2291" in their GRE® application to ensure their scores will be sent to the university"

- » Students with the Undergraduate Degrees from an accredited university and specialized in International Relations, Political Science, International Studies, International Politics, and Communication Studies areas will be exempted from the Bridging courses under Master of Arts in Diplomacy.
- » Students with the Undergraduate Degrees from an accredited university and specialized in Business Administration areas will be exempted from the Bridging courses under MBA Program and MSM Program.
- » Students with the Undergraduate Degrees from an accredited university specialized in Social Science and Humanities Studies or carrying five years' experience in the security and strategic field will be admitted to Master of Arts in Security and Strategic Studies.
- » Students whose specializations are not in the related fields of study will be subject to Bridging courses. Courses required at Bridging level are subjected to the evaluation of the transcripts which will determine the courses to be exempted.

Interview/essay

- » All applicants are required to attend an admissions interview with the Program Representative.
- » All applicants are required to write a one-page (500 word) personal admissions statement in English. Personal admissions statements for Arabic Master Programs need to be in Arabic language.

Other Identification Requirements

Beside the academic records and English requirements, students must submit their identification documents as following:

- » Valid passport copy
- » Valid copy of UAE residency Visa
- » Valid copy of UAE ID card
- » Four photos with white background
- » Certificate of good conduct behavior from local police authority

Admission Process

STEP 1

Before the applicant apply at AUE; he/she needs to review the admission requirements and the important dates and deadlines of submission that are published in the university website.

STEP 2

Applicant can submit the application through the following link (<http://www.aue.ae/en/admission-registration/onlineapplications/application-forms.html>)

Or visit the university campus to submit the above mentioned documents.

STEP 3

Once the applicant completed the application form and uploaded/submitted the required documents, he/she will be given a tracking number in order to track the status of the application. A confirmation Email/Offer from the admission office will be sent within 48 hours from the date of submission of the application.

Admission Timeline and Applications Fees

The University has a rolling admissions process which allows students to apply at any point of the academic year. However, applicants applying for admission after the semester deadlines shall be reviewed for the subsequent semester. Admitted students are required to pay a non-refundable admission fees.

Confirmation of Admission

Graduate Students accepted by AUE must pay 3,675AED non-refundable enrollment confirmation fee within a month of receiving the admissions offer and before starting the orientation, registration and advising process.

The offer of admission is only valid for the same semester in which the student applied for. The Assessment of the Admission procedure will permit AUE to individually assess each applicant.

This procedure will serve as a model for admission decisions as it has predictive powers. It is the duty of the Admission and Registration Department to always collect such scoring data to help AUE maintain its standards on admissions.

Admission Status

Full admission

Applicants who submit all the required documents and meet all the admission requirements in the first semester are given a full admission.

Provisional Admission

Qualified applicants who are unable to submit one or more of the required documents for admission processes (please see Required Admission Documents) will be admitted provisionally for their first semester. All admission provisions must be cleared by the end of the first semester. If provisionally admitted students fail to clear their provisional status by the end of their first semester, administrative holds will be placed on their academic records and on their portal, preventing students' registration for future semesters until they submit all the required admission documents.

Probationary Admission

Applicants who doesn't meet the minimum CGPA requirements for full admission, and their CGPA in their Bachelor degree is not less than 2.5, will be probationary admitted to the graduate programs for one semester, where they will not be able to enroll in more than 9 credit hours.

Probationary admitted students should achieve a minimum CGPA of 3.0 by the end of their first semester, otherwise, they will be dismissed from their program of study.

Conditional Admission

In alignment with the Commission of Academic Accreditation (CAA) standards, new candidates who are unable to obtain the required score for the English proficiency requirements stipulated in the "New candidate" part prior to their admission are conditionally admitted to the program in the condition that they achieve any of the following English requirements prior to their admission at the university:

Exam type	Minimum score
TOEFL ITP	500
TOEFL iBT	61
IELTS Academic	5.0
EmSAT -English	1100

Conditionally admitted students should fulfill the English entry requirements stipulated in the "new candidate" part before the end of their first semester at the university and can enroll at no more than 6 credit hours during their first semester.

Students who fail to fulfill the above condition, will not be able to enroll for any further semesters until they fulfill the English entry requirements of their programs.

Transfer students are not subject to any conditional admission and should meet the English entry requirements as stipulated in the "new candidate" admission part prior to their acceptance at the university.

Transfer Students

The University accepts transferring students from recognized higher education institution and adheres to the course learning outcomes based transferred credits process and mapped appropriately with the AUE programs. The University requires that credit hours earned at AUE must be at least 75% of the credit hours for the graduate programs.

Applicants who have previously studied at any recognized higher education institute are considered as transfer applicants. Transfer applicants should meet all admission requirements as stipulated in the *Graduate Admission Section*. The "Transfer Credit Policy" is applied to transfer previous credit earned. The University reserves the right to communicate with the previous higher education institute to verify the mode of delivery for universities located outside UAE.

Transfer of Credits

All students are required to submit their official transcripts and course syllabi in the first semester of admission as no transfer credit will be awarded after the first semester.

All transfer courses are only evaluated once. Below are the criteria for transfer credit:

- » Student CGPA at the previous university/institution should be at a minimum of 3.00 out of 4.00 or above.
- » Courses with a grade of "B" (GPA 3.00) or above will be eligible for transfer of credit.
- » Students may transfer 25% of the total credit required for the programs
- » All courses transferred to AUE must be conducted in English (except Professional Master of Sports Law in Arabic).
- » The transfer course will be recorded in the student's transcript as "TR" and will not be part of the student's GPA.
- » Credits are awarded solely by the appropriate Dean of College.
- » Transfer students must complete the Transfer Credit Form. Transferring students will be informed in writing about transfer credits before they enroll at AUE.

Visiting Students

Students from other higher education institutions who are looking to study at AUE without seeking any degree, can apply to be visiting students. Visiting students can enroll for a maximum of 12 credit hours per semester.

All visiting students should submit the following documents upon admission:

- » Non-objection letter from their home institution listing the courses they wish to study at AUE.
- » Submit a copy of their TOEFL or IELTS score or any other English proficiency test as proof of their use of the English language.

Re-admission

Students who have officially withdrawn from the university for one or more regular academic years and wish to resume their study at the American University in the Emirates must re-apply again.

Returning students must meet and follow the official published admission requirements in the Graduate Catalog which they are applying for as well as the tuition fees structure, and submit all the required admission documents to the Admission and Registration Department, with the payment of non-refundable admission fees.

Returning students who have attended another University after withdrawing from AUE, must apply for transfer credit and submit the relevant record to the Admission and Registration Department.

Forged admission documents

The American University in the Emirates reserves the right to take the necessary disciplinary actions, which may include a suspension or dismissal from the University at any time, if the student submits forged documents and/or provides incorrect information to obtain admission at AUE.

Academic Policies and Regulations

Honor Code and Academic Integrity

Students must adhere to the AUE Honor Code that stipulates that students must uphold the principles of honesty and integrity in all their undertakings at the University including adherence to the University policy on cheating and plagiarism, avoidance of intentional misrepresentation of facts, and reporting any perceived violations of the University policies and procedures related to academic integrity.

Violations of the Honor Code and Principles of Academic Integrity may include but not limited to:

1. **Submitting false or fraudulent information** including transcripts, test scores, medical reports, identification papers, etc.
2. **Intentionally misrepresenting facts** related to situations and/or individuals for the purpose of inflicting harm and/or personal gain including fabricated grievances.
3. **Impersonating another student's identity** in class attendance, coursework submission, or examinations.
4. **Gaining access to unauthorized information and/or material** and failure to report knowledge of such access gained personally or by another student(s).
5. **Cheating** is defined as any actual or attempted act that is undertaken with the intention to gain unfair advantage on coursework, assessments, or examinations that includes but not limited to:
 - i. The unauthorized possession and/or use of any electronic devices during in-class assessments or examinations including but not limited to mobiles, headsets, tablets, calculators and smart watches.

- ii. Sharing, soliciting information verbally, copying the work of another student, or intentionally allowing another student to copy from one's own coursework, assessment, or examination paper.
 - iii. Submitting coursework for credit in more than one course without obtaining the prior written approval of the instructors.
 - iv. Submitting coursework that was previously submitted for another course even in instances in which the student is repeating the course without obtaining the prior written approval of the instructors.
 - v. Falsifying the results/findings of research.
 - vi. Falsifying citations and references.
6. **Plagiarism** is defined as misrepresenting someone else's ideas or work without as one's own by not acknowledging the original ownership and source. Plagiarism includes but is not limited to using parts or all of an idea, word, sentence, diagram, artwork without proper citation even if minor or major changes have been applied to the original (including paraphrasing). Coursework is submitted through an online plagiarism detection program.
7. Students shall submit all coursework through the dedicated Student Portal, and further will ensure that their submission are the result of their own efforts. It is mandatory for assignments to avoid similarity (without acknowledging the sources) and the same shall be ensured by faculty member through the integrated anti-plagiarism software Turnitin.

Scheme for Grade Point Deduction for Academic Misconduct

Similarity Accepted	Deduction	
10%	If 11% - 20% (50% deduction from the total of said assignment)	If more than 20% (Zero in the said assignment)

Course Registration

With the assistance of their Academic Advisors and Program Director, students should register before the beginning of each semester, and comply with the policies and procedures related to the registration, which involve the following main phases:

- Academic advising.
- Selecting courses and registering courses online.
- Payment of tuition fees.

However, visiting and exchange students must register for their courses at the office of the Registrar. Expected to graduate students are given the priority to register for courses in the case of limited seats, and the University reserves the right to withdraw students from courses they repeat in order to give opportunity to other graduated students and students taking the course for the first time. Students are required to comply with the following registration steps:

- 1- Students should start reviewing their academic program and their study plan.

- 2- Students should plan to meet with their Academic Advisors and review the offered courses in order to select the right courses and complete the online registration procedure.
- 3- The Academic Advisor shall approve the courses to be registered with an advisement notes to be kept as a record on the advisement system.
- 4- Students must proceed to the Financial Affairs Department to settle their financial dues within five days, otherwise, the selected online courses will be cancelled and students would be required to re-register for the courses.
- 5- Students must abide by the registration deadlines as announced in the academic calendar.
- 6- Students who register and pay for their courses during the late registration period are subject to pay for a late registration penalty of 1,575AED.

Course Load

A full-time student may register maximum of 12 credit hours (four courses) per regular semester.

Add and Drop Policy

AUE students may adjust and change their registered courses by adding and dropping courses from their schedule in alignment with the published calendar and the deadline of add and drop period. After the add and drop period, student can only apply for a course withdrawal.

It is the student responsibility to follow the appropriate process of drop and add and the published deadline of the add and drop period as per the academic calendar.

Adding and/or dropping courses will solely be from the predefined advised courses selected and approved by the academic advisor.

Students can add a course(s) to their schedule or drop a course(s) in respect to the maximum and minimum credit hours allowed based on semester, student degree plan, and academic standing.

Transferring from one section to another section of the same course should also follow the add and drop process. Failure of complying with this process and attending different section of the same course without following the add and drop process and without notifying the Admission and Registration Department, may result on dismissal due to non-attendance of the original registered section.

Dropped course(s) during add/drop period are not recorded in the student record and not appearing in the student transcript.

Students who decide to drop a course(s) during the add and drop period will be fully refunded, however, changing courses may implicate variation in the tuition fees. Students are advised to visit the Financial Department to pay any financial difference to successfully apply the added courses in the schedule.

Add and drop limitation:

As per the student's program study plan, graduate bridging courses, other introductory courses are designed to prepare and improve students' skills in particular field of studies at the beginning of their degrees, it is not permitted to drop these courses.

Administrative drop:

The University reserves the right to force a drop course(s) in the following cases:

- If the section will be close and student is not adjusting his/her schedule accordingly
- If the student is not eligible to register a particular course (prerequisite not met, academic standing not fulfilled, exceeding maximum allowed credit hours)
- If the student register a course which is not part of the study plan/program

Course Withdrawal

Students are permitted to withdraw from a course after the add and drop period and after the acceptance of the course instructor and academic advisor. Students must adhere to the withdrawal procedure and the academic calendar to avoid any academic or financial obstacles.

The withdrawn courses are recorded in the student's transcript as either "W" or "WF" according to the period of the withdrawal request and are not calculated as attempted courses yet may result in grade penalty.

Students who discontinue attending classes are not deemed to be withdrawn from the course. Failure to withdraw the course(s) according to the articulated procedure, may result in a grade of "F" in the course(s) which may affect the student's academic standing.

Course Withdrawal with "W":

Students are permitted to withdraw a course prior to the midterm period as prescribed in the official academic calendar upon the course instructor and academic advisor approval. Students who formally withdraw a course prior to the midterm period will receive a grade of "W" in the registered course and will be recorded in the student official transcript accordingly. The refund of the withdrawn courses will be applied as prescribed in the procedures.

Course Withdrawal with "WF":

Students are permitted to withdraw from a course after the midterm period as prescribed in the official academic calendar and upon the course instructor and academic advisor approval. Students must be aware of academic and financial consequences when the withdrawal take place after the midterm period.

Students who officially withdraw a course after the midterm period will receive a grade of "WF" in the registered course, for which it will impact the students' academic standing and will be recorded in their official transcripts accordingly, with no tuition fees refund.

Administrative Withdrawal:

The University reserves the right to withdraw the student from a course or multiple courses and revoke the student's registration at any time during the semester, in the absence of non-compliance with the University requirements such as but not limited to disciplinary action, breach of the University code of conduct, failure to pay the tuition fees.

Administrative withdrawal from a one or multiple course(s) will result in a "WF" grade; irrespective of the period when the administrative withdrawal occurred, and will possess academic and financial impact.

Withdrawal of Sponsor students:

Students who are sponsored by the University or from a third-party organization must discuss the decision of the course withdrawal with the Office of Student Life and obtain the approval from the sponsorship prior to withdrawing from the course(s).

Hardship Withdrawals:

Students may apply for a hardship withdrawal from course(s) in case of any severe health condition or injury or any other significant and critical personal situation that prevents students from continuing the course(s). The hardship withdrawal requires students to withdraw from all registered courses not selective courses. The request for hardship withdrawal may apply at any time during the semester along with the required credible and valid evidence. Students applying for hardship withdrawal are granted a grade of "W" in all registered courses, with the application of the refund policy upon the required approval.

Retention of Student Records:

The course withdrawal forms and relevant documentations are retained with the Admission and Registration Department, as articulated in the Students Records Policy.

University Withdrawal

Students who wish to withdraw from the University due to mitigating circumstances, are urged to meet with their Academic Advisor, College Dean and Academic Support Department to seek guidance and support before the withdrawal process takes place.

Students are required to complete the process of withdrawal and clearance before leaving the University, failure to follow the appropriate process, may result in failing the courses and full payment of tuition fees.

Withdrawal before the Midterm

Students are permitted to withdraw from the University prior midterm period as prescribed in the official academic calendar. Students who officially withdraw before the Midterm will receive a grade of "W" in all registered courses in the semester, and will be recorded in the student official transcript accordingly. The refund policy will apply as outlined in the procedure. The status of the withdrawn students will be converted from "Enrolled" to "Withdraw" and must reapply for admission if wishing to return to the University as articulated in the Undergraduate and Graduate Admission Policy.

Withdrawal after the Midterm

Students are permitted to withdraw from the University after midterm period as prescribed in the official academic calendar. Students must be aware of academic consequences when the withdrawal take place after the midterm period.

Students who officially withdraw after the Midterm will receive a grade of "WF" in all courses registered in the semester and will be recorded in their official transcripts accordingly, with no tuition fees refund. Students must be aware that a grade of "WF" has an impact on the student academic standing. Withdraw student status will be converted to "Withdraw", and must reapply for admission if wishing to return to the University.

Withdrawal during the final week of the semester

Students are not permitted to withdraw during the last week of instruction or during the final exam, unless students have a serious condition such as accident or serious medical condition that is beyond their control that impact the ability to remain enrolled and complete the required academic obligations, they can submit to the course instructor an incomplete request rather than withdrawing from the University.

Withdrawal of Sponsor students

Students who are sponsored by the University or from a third-party organization must discuss the decision of the withdrawal with the Office of Student Life and obtain the approval from the sponsorship prior to withdrawing from the University.

Hardship Withdrawals:

Students may apply for a hardship withdrawal from the University in case of severe health conditions or injury or any other significant and critical personnel situation that prevents students from enrollment in the University.

The hardship withdrawal from the University requires students to withdraw from all registered courses. The request for hardship withdrawal may apply at any time during the semester along with the required credible and valid evidence. Students applying for hardship withdrawal are granted a grade of "W" in all registered courses, with the application of the refund policy upon the required approval.

Retention of Student Records:

The physical records of the students who are officially withdrawn from the University are retained with the Admission and Registration Department as articulated in the student records policy.

Deferment Regulations

Students may take some time off from their studies as they are eligible for a leave for two consecutive semesters or three nonconsecutive semesters during the whole period of their study at AUE.

Students who are seeking to postpone the semester must notify the Registration Department, fill the required "Deferment Form" and submit it to the Registration Department. In case of emergency and where the student is unable to come in person to the university to submit the required form, a family member/friend may apply for the deferment on their behalf upon receiving a signed authorization letter from the student. Failure to follow the process of deferment, the student will automatically be dropped from the university due to the absence for more than one academic year.

In the case of medical reason or some special and valid reasons approved by the College, students may exceed three nonconsecutive semesters of absence under strict regulations.

Recognition of Prior Learning

AUE rigorously reviews all prior learnings on a case by case basis. If the review process demonstrates that the prior learnings meet the course learning outcomes (CLOs), regardless of how, when, and where that learning occurred, AUE approves the acceptable prior learnings for the course credential. The approval is made on a Pass/Fail basis towards any of its academic program.

Recognition of Prior Learning Principles

Applicants with professional and/or academic qualifications seeking graduate or Undergraduate and graduate potential students are entitled to apply for a recognition of prior learning (RPL) on a condition to meet equivalent courses, and all learning outcomes articulated in this policy.

1. AUE ensures providing transparent processes and practices that are available and accessible to students and stakeholders through its University Catalog.
2. All potential students seeking recognition of prior learning must submit reliable, valid, and official evidence to obtain credits for equivalent courses which demonstrate the achievement of all learning outcomes.
3. AUE awards potential students seeking undergraduate admission a maximum of 50% of the total credit hours of the undergraduate program through the RPL process, including all transfer credits and credits awarded through the Advanced Standing.
4. While a maximum of 25% of the total credit hours of the graduate programs for potential students seeking graduate admission, including all transfer credits.
5. Each of the courses accepted by the RPL process will be recorded in the student's transcript as exempted "EX" by the equivalent credit hour of the course offered at AUE. In other words, they are not included in the calculation of the cumulative grade point average (CGPA).

Recognition of Prior Learning Committee

The concerned Dean, in coordination with the Admission and Registration Director and Institutional Effectiveness Director, will form an ad-hoc committee which should include members from each respective unit. This ad-hoc committee is reporting to the concerned college council.

Required Recognition of Prior Learning Evidence

Potential students who are seeking RPL are required to submit a complete portfolio demonstrating the prior achievements, sit for an interview by the above-mentioned ad-hoc committee to demonstrate direct observation of skills and competencies and then sit for a challenge exam. The ad-hoc committee adheres to a systematic verification process built on evidence.

Documents Needed for RPL Assessment

Potential students submitting RPL application form, are required to submit the following documents evidence:

1. Qualification certificates
2. Official transcripts of previous study,
3. Official job descriptions or statements of duties and responsibilities,
4. Letters of reference from employers detailing a student's relevant skills and experience,
5. Courses taken at another provider
6. Samples or statements of work performed
7. Provide reflective papers, journal articles or similar documents that relate past learning to the learning or competency outcomes of the course or qualification in which the student is enrolling.

Recognition of prior learning through academic qualification

Courses taken by potential students prior to their admission at AUE which have failed to comply by the AUE Transfer Policy, the Admission and Registration Department will advise the concerned potential students to apply for the RPL process.

Recognition of prior learning through professional qualifications/experience

The following requirements will be taken into consideration while reviewing and assessing the RPL application and supporting evidence, to decide on the awarded credit:

1. Work experience and job descriptions, including self-employment which are relevant to the discipline of the academic degree program intended to enroll.
2. The training program/courses taken by other providers which are relevant to the field of study and are fully aligned with the learning outcomes of the awarded credit.

Recognition of Prior Learning Assessment

Assessment processes for RPL shall be equal in rigor to other assessment methods applied at AUE. The above-mentioned ad-hoc committee is responsible to review, assess and ensure that the applied RPL courses, units, qualification, knowledge, and competencies are meeting all learning outcomes of the equivalent courses offered at AUE. Also, to ensure meeting all requirements of professional and/or academic qualifications as articulated in the University Catalog.

Recognition of Prior Learning Ad-hoc Committee Recommendations

Upon finalizing the assessment of RPL process by the concerned ad-hoc committee, its report will be submitted to the concerned college council for final review and approval that should be endorsed by the Provost. However, if any fraud documentation or misleading information submitted by potential students has been observed during the assessment process, the RPL application will be denied by the concerned ad-hoc committee. If the application is submitted by an enrolled student, the case will be subject for a disciplinary action.

Recognition of Prior Learning Records

The RPL application, documentation, related evidence and the concerned ad-hoc committee's recommendations and final decisions are all kept by the Admission and Registration Department and recorded on the concerned students' portal, as outlined in the Student Record Policy.

Grading System

The student's performance and learning assessed by the University is equally and consistently graded in accordance to the outlined uniformed grading scale. The grading scale for both undergraduate and graduate courses must be conveyed to students via the course syllabi and published University Catalogs.

Bridging / Remedial Courses

Remedial Courses are offered as non-credit courses to undergraduate and graduate students who lack a sufficient background in one or more educational areas for a specified period of time. Upon successfully completing the remedial courses, students will be permitted for admitting to a credit-bearing program. The grading scale for the remedial courses are either Pass (P) or Fail (F) that are recorded in the students transcript but not counted in the cumulative GPA.

Changing Grade

Grades submitted by the faculty member are not subject to change after they have been submitted for publishing except in certain cases due to any clerical or administrative error and grade appeal. In an event of a grade error, the faculty member must initiate the changes in the grade in adherence to the outlined procedure.

Graduate Grading Key

Graduate level grade codes, their respective numerical values and grades points are given in table below:

Grades	Description	Numerical Scale of the Grades	Grade Points Value
A	Excellent	96.00-100	4.00
A-	Very Good	90.00-95.99	3.75
B+	Good	87.00-89.99	3.25
B	Satisfactory	84.00-86.99	3.00
B-	Average	80.00-83.99	2.75
C+	Below Average	77.00-79.99	2.25
C	Poor	74.00-76.99	2.00
F	Fail	Less than 74	0.00
P	Pass	74 and Above	0.00
WF	Withdrawal with Failure	N/A	0.00
XF	Failure due to academic dishonesty	N/A	0.00
IP	In Progress	N/A	N/A
I	Incomplete	N/A	N/A
W	Withdrawal	N/A	N/A

Bridging/remedial courses level grade codes, their respective numerical values and grades points are given in table below:

Grades	Description	Numerical Scale of the Grades	Grade Points Value
F	Fail	Less than 70	0.00
P	Pass	70 and Above	0.00
WF	Withdrawal with Failure	N/A	0.00

XF	Failure due to academic dishonesty	N/A	0.00
IP	In Progress	N/A	N/A
I	Incomplete	N/A	N/A
W	Withdrawal	N/A	N/A

Graduate Academic Standing

CGPA RANGE	ACADEMIC STANDING
0.00 -1.99	Fail (Cannot Graduate)
2.00-2.24	Pass (Cannot Graduate)
2.25 -2.74	Poor (Cannot Graduate)
2.75 -2.99	Satisfactory (Cannot Graduate)
3.00 -3.24	Good
3.25 – 3.74	Very Good
3.75 -3.99	Excellent
4.00	Exemplary

In progress (IP) Grade

An “IP” (In Progress) grade is assigned to students who could not finish their Internship/Capstone within the same semester. In this case, the “IP” grade will be recorded on the student’s transcript. Students are expected to finish the course requirements of the Internship/Capstone before the deadline agreed with the Supervisor and Registrar, otherwise, the “IP” grade will revert to “F”. It is the student’s responsibility to coordinate with their Supervisor to accomplish the Internship/Capstone requirements and meet the deadline.

Incomplete (I) Grade

Students who have requested for an incomplete exam due to mitigating circumstances beyond students control as prescribed in the Assessment Policy are awarded with (I) grade. The grade will be recorded in the students transcript but will not be calculated to the cumulative GPA until the incomplete exam is completed.

Withdraw (W) Grade

When the student drops a course after the add/drop period and prior to the midterm exam period, student will be awarded with a (W) grade. The grade will be recorded in the students transcript but will not be calculated in the cumulative GPA. Student must retake the course again to complete the course and credit hours successfully.

Withdraw with Failure (WF) Grade

When the student drops a course after the midterm exam period, student will be awarded with a (WF) grade. The grade will be recorded in the students transcript and will be computed in the

cumulative GPA. Student must retake the course again to complete the course and credit hours successfully.

Pass (P) Grade

The (P) grade is awarded to students who has successfully completed the bridging courses. The grade and the credit hours attainment will be recorded in the student's transcript, but will not be counted as part of the cumulative GPA.

Fail (F) Grade

The (F) grade is awarded to students not successfully completing a course. Students must retake the course again to complete the course successfully. The grade is recorded in the transcript of the student and calculated in the cumulative GPA except for remedial in the graduate program where the grade is not part of the cumulative GPA.

Dishonesty/ Cheating (XF)

The (XF) grade is awarded to students in case of any violation to the academic integrity such as cheating and plagiarism. The grade is recorded in the student's transcript and computed as part of the CGPA.

Grade Appeal

In an event when an unfair and incorrect grading is assigned, as a result of any inequitable, arbitrary, or erroneous manner supported with evidence, students have the right to apply for a grade appeal to any of the course assessments assigned as per the course syllabus. Students can apply for grade appeal due to the following reasons:

- Miscalculation of marks;
- Misgrading of a paper, project or exam;
- Application of an evaluation or grading system which was not included in the course syllabus;
- Assignment of a grade on some basis other than the student's performance in the course;
- Demonstrable evidence of discrimination or prejudice in the assignment of the grade;
- Arbitrary assignment of grade (lack of consistent and equitable standards for grading).

Students should not appeal if the justification is pertaining unsatisfactory of curriculum design, instructions, or due to violation of academic dishonesty, students may, instead, submit a grievance to the Office of Student Life for such incidents.

Time Limits for Appeal

Grade appeals must be submitted through the Student's Learning Management System supported with a written statement and evidence within the permitted timeline after the publishing the final grade of the appealed course.

Appeal Record

Any appeal must be written, dated and addressed with the title "Academic Appeal." If a formal appeal is lodged with a faculty member, it must be lodged at all subsequent stages of appeal in its original form, while new statements can be incorporated at any time. Supporting evidence and statement are part of the appeal's permanent record and must be provided at each level of appeal. Students can be required to present their appeal in person, at the University's discretion.

Grade Appeal Committee

The grade appeal committee is responsible to ensure that the grade assigned to the student's work is neither incorrect nor unfair, as well as, is in compliance with the assigned and approved grading schemes – rubric that are shared with students via the course syllabus and student Portal.

The Grade Appeal Committee shall refer students to the Student Life Office if the grade appeal is associated with any type of discrimination or harassment. The Grade Appeal Committee shall process the appeal requests after the Grievance Committee resolution.

Grade Appeal Procedures:

Step 1: Informal grade appeal:

- » Student must discuss the grade with the instructor in attempt to resolve the issue (maybe miscalculation, issue in grading system,)

Step 2: Formal grade appeal

- » If it is not resolved, students login to their portal and file a grade appeal.
- » Once the grade appeal is submitted, the course instructor will receive a notification in Akademia and enter the comments and rationale. Then the chair of department offering the course will receive the notification of the grade appeal submitted by the student along with the instructor comments and rationale, the chair of department submit his/her decision in Akademia.
- » Students and the course instructor will receive a notification on the final decision of the chair of department. if the grade appeal is approved by the chair of department, the instructor will process the grade change.
- » If the grade appeal is rejected and the student disagree on the decision made by the chair of department, he/she can appeal to the Grade Appeal Committee.
- » The Grade Appeal Committee will review the case, the comments made by the instructor and chair of department and enter his/her decision in the system.
- » Students, instructor and chair of department will receive a notification on the decision made by the Grade Appeal Committee.
- » If it is approved, the instructor will proceed with the grade change
- » If rejected, the grade appeal ends at the grade appeal ad hoc committee level.

Repeating Course

Students are permitted to repeat a course with a grade less than (B) upon the approval of the College Dean and the availability of the course and seat. Students are not permitted to repeat the course at

another institution or through Direct Study. In this case, the higher received grade will be posted on the student's CGPA.

If the student registered for a Free Elective and did not pass or the course was removed from the program study plan, the student may study another Free Elective, upon the approval of the College Dean.

Students who possess a scholarship or financial aid should visit the Office of Student Life prior to deciding to repeat a course as the University will not cover the monetary expenses of the repetition of any course at the University.

Examination and Assessment

All students are expected to attend the final examination as per the announced schedule shared in the student portal. In addition to other course assessments required and given at the day and time of the course schedule. Students must adhere to the Examination Guidelines outlined in the Student Portal and Student Handbook, when attending all examination. All types of examinations are subject of proctoring and monitoring to ensure exam security, academic integrity and fairness.

In-term Examinations

All course assessments except the final exam are given during the course scheduled time. In case the faculty member decided to conduct exams outside the course schedule and timing, it is the responsibility of the instructor and college to notify the students on the date, timing and venue of the exams.

Midterm Examinations

Midterm exams are scheduled during the seventh and eight week of the semester. It is the responsibility of the faculty member to notify and announce to students the date of the midterm exam of a particular course and to assure appropriate administration of midterm exam as per the *Examination Guidelines*.

Lab Examinations

Computer-based courses examination are administered in the University labs adhering to the Examination Guidelines. Students must complete the lab examination with the University resources without any external and additional equipment and devices. The access of internet browser during the examination is prohibited, in case the student faces any technical issue, it is reported to the exam proctor for technical support.

Open Book Examinations

Students are allowed to refer to either class notes, summaries, textbooks, or other approved material by the instructor (that are clearly mentioned on the cover page under the instruction section) during the open book examinations. The open book examinations are designed in a way that requires students to apply their knowledge, through analysis and critical thinking. All examination guidelines are applied on the open book examinations.

Final Projects

Based on the level and nature of the course, the faculty may request students to submit a final project report either individually or in a group and present it in class. Prior the final project submission,

students must adhere to the guidelines on the expected structure and outcome of the final project and presentation provided by the faculty member in the student portal. As part of the grading and assessment process, two or more examiners, involving internal and external juries, are invited by the faculty member to assess the student's project and presentation skills. Final Projects are conducted during the class timing and on the last week before the final exam period. If the faculty member chooses a different day and time from the course schedule, students must be notified on the date, time and venue of the final presentation.

Final Exams

Final exams are conducted during the final exam period as outlined in the Academic Calendar. No coursework such as projects, assignments or case studies should be assigned to students during the final exam period.

The final examination schedule provided by the exam committee must be announced in the student's portal. Students will have a maximum of two exams scheduled for the same day; in case of more exams (three or more in a day), students have the right to approach their college dean and request to reschedule alternative dates.

The Office of Student Life and Office of Counseling and Disability communicate and coordinate with the exam committee to accommodate the special need students during the examination period. Special need students are allocated in different examination halls, and are adhered to the *University's Examination Guidelines*.

All faculty members are expected to be available during the final exam period. It is the responsibility of the college dean to assure that final exams are conducted and managed appropriately under proper proctoring protocols. The College must notify the exam committee in case of any special requirements needed during the final examination. The final exam committee allocates sufficient number of proctors across all final exam halls and ensure the integrity of the examination process. All faculty members must post the grade within the defined timeline from the day of the examination.

Final Exams Permit

Only students who are registered in the course are eligible to sit for the final exams. Students who are dismissed from the course due to absences and holds financial dues are not permitted to sit for the final exam. University IDs must be presented by the permitted students to proof their identification and to sit for the final exam. Students are expected to be present at the final examination venue on time; late arrival students are strictly not allowed to enter the examination hall.

Incomplete Exam

All students are expected to accomplish the course work requirements, including the final exam, to earn a final grade successfully.

Students who do not attend both the midterm and/or the final exams due to the following reasons: (1) Emergency Illness, (2) Road Accident. (3) Death of next of kin and (4) Official/Governmental Mission shall be awarded (F) and immediately apply for an Incomplete Exam within the Office of Admission and Registration.

The request for an Incomplete Exam can only proceed for those students upon the approval of the Course Instructor, Chair of Department/Program Director, College Dean and VPAA.

This Incomplete Exam Approval shall be subject to:

- (1) achieving the satisfactory course work requirements and
- (2) are not dismissed under any grounds (disciplinary/attendance). Once approved, a grade of "I" will be recorded on the student's transcript and will be pending until the completion of incomplete examination/final course assessment.

All incomplete exams will be conducted within one week after the completion of final exams and will be announced on the student's portal. Hence, the Academic Calendar, which is announced at the beginning of each Academic Year, shall include an "Incomplete Exam Period" right after one week of the final exams. It is then the student's responsibility to coordinate with their Course Instructor and appear for the incomplete exam as per the announced schedule.

Failing which no repeat exam will be conducted and the grade of "I" will be reverted to "F" in the final exam and the final grade shall remain as assigned by the Course Instructor.

Incomplete Course Work Procedure:

- » If student did not show up for the exam of a particular course assessment (apart from final exam), the course instructor shall mark the student absent.
- » Once marked as absent, the student will receive a notification in the portal to apply for the incomplete exam and submit the legitimate excuse justifying the reason of absence.
- » Student must apply and submit the incomplete exam request within seven days from the date of receiving a notification from the course instructor.
- » Once the student apply for the incomplete coursework exam, the course instructor will review the student request, and approve or reject.
- » If approved, the course instructor will determine the exam date, time and venue, accordingly the student will receive a notification in the portal on the details of the makeup exam.

Incomplete Final Exam Procedure:

- » If student did not show up for the final he/she will be marked as absent by the designated course instructor.
- » Once marked as absent, the student will receive a notification in the portal to apply for the incomplete final exam and submit the legitimate excuse justifying the reason of absence.
- » Student must apply and submit the incomplete final exam request before the last day of the semester as published in the academic calendar.
- » Once the student apply for the incomplete final exam, the course instructor and chair of department will receive a notification and review the student request, and approve or reject.
- » If approved, the course instructor will determine the exam date, time and venue, accordingly the student will receive a notification in the portal on the details of the makeup exam.

Credit Hour Policy

The credit hours serve as academic credits which aid in measuring the student academic engagement. This policy aims to provide cogent guidelines to determine and maintain consistency in the awarding of academic credits across courses offered in the University conformed with higher education practices.

Applicability

This policy is applicable to all graduate and undergraduate courses offered in the University defined in terms of academic credit hours.

Credit hour is defined as the amount of work represented in the intended learning outcomes and verified by evidence the student achievement.

The University definition of a credit hour is adhered to the articulated definition in the CAA Standards, Annex 23, considering minimum of one hour as the recognized length of a classroom, one semester credit hour for both undergraduate and graduate courses. Students are awarded with academic credits upon successful completion of course requirements, assessments, and fulfillment of the course learning outcomes.

Lecture Courses: Courses that emphasizes on concepts, discussion, ideas, and principles.

One regular semester credit equals minimum one hour teaching in a class per week for a semester of fifteen weeks or longer, including one week of examination. Students are expected to spend minimum of 100 minutes per week of independent learning outside the class hours.

Independent Study: Courses on which students are permitted to study in a considerable depth beyond the scope of a regular course. it also conforms to the standard of minimum one-hour teaching in a class per week for a semester of fifteen weeks or longer, including one week of examination. Student with independent study is expected to spend a minimum of 100 minutes per week of independent learning outside the class hours.

Laboratory and Studio-based: Courses that focuses on practical application on which the major focus is on hands-on practices for supporting the students learning experience. One semester credit for laboratory and studio-based courses are given for a minimum of 100 minutes practical teaching in a lab or studio per week for a semester of fifteen weeks or longer, including one week of examination. Students are expected to spend minimum of 200 minutes per week of independent hands-on work outside the class hours.

Internship: Courses that encourages students to learn independently to develop and apply job-related or practical skills in a relevant discipline. One semester credit in the Internship course is equivalent to 60 working hours throughout the semester for both graduate and undergraduate internship courses. Internship courses with 3 credit hours, are expected to have total of 180 working hours and Internship courses with 6 credit hours, are expected to have total of 360 working hours throughout the semester

Thesis: Students working on independent projects also conforms to the standard minimum of one hour of student work per credit hour, per week, throughout the semester of fifteen weeks or longer.

Summer Credit Hour Assignment

Courses offered during summer semester are twice as intensive as those in regular semesters (Fall and Spring). Students are expected to spend 400 minutes per week in a class throughout the summer semester, including two days of examination and 800 minutes per week of independent learning outside the classroom hours.

Credit Hour Allocation

The academic departments are accountable for defining the level and amount of credit awarded for courses, as well as, ensuring the assigned credit hours of courses comply with this policy. Furthermore, it is the responsibility of academic administrators to ensure that courses are delivered as per the assigned credit hours of each course.

Course Designation

500 Level Courses: Non-credit bearing courses (Bridging courses) that are more rigorous than undergraduate courses. Courses that are designed to present an adequate background on the intended field prior enrollment to the program.

600 Level Courses: Advanced master level courses that requires students to coherently synthesis the knowledge, concepts and methodologies of the intended field, as well as, reflect higher level of critical thinking to analyze high level of complex issues, and develop innovative solutions and proposals and necessitate more intellectual rigor.

Academic Progress

The University measures the Satisfactory Academic Progress of students based on *Qualitative* standard which denotes to the Cumulative Grade Point Average (CGPA) of students; and *Quantitative* standard that consists of the maximum timeframe that student is allowed to complete the degree requirements, and the minimum credit hours to be enrolled and earned per semester.

Maximum timeframe:

Full-time and part-time students are expected to complete their master's degrees' requirements within 150% of the credit hours length of their programs.

Graduate students with a Cumulative Grade Point Average (CGPA) less than 3.00 cannot graduate from the program.

Students who are not making Satisfactory Academic Progress are limited to a maximum credit hours enrollment per semester. They are expected to seek assistance from the University and perform upon the advice of the academic advisor and program director. Advice may include and not limited to

conditions on the enrolment in certain courses, repetition of courses with low grades, mandatory extra classes.

All University grants, scholarships and financial aid shall be revoked for students on probation (unless the grant/scholarship explicitly specified otherwise).

If the minimum Cumulative Grade Point Average (CGPA) of the student reaches the acceptable standard, the student will return to good standing in the next semester of enrolment.

Dismissal:

Students who fail to meet the academic progress requirements and who fail to meet the minimum expectations of the academic program criteria shall be dismissed from the program. Students shall receive a dismissal letter expressing the reasons for the decision in the subsequent regular semester (summer semesters are not considered).

Graduate students who have been probationary Admitted are enrolled for one semester with limited credit hours until the minimum cumulative grade point average (CGPA) 3.0 is achieved, otherwise, they will be dismissed from their program of study. *(Please see Graduate Admission Policy).*

Graduate students with Cumulative Grade Point Average (CGPA) less than 3.0, cannot graduate unless program graduation requirements are fulfilled.

Transient student

Students may choose to undertake courses at other UAE universities or abroad to complete their courses; abiding by the following conditions:

- a. The student should justify the reason for taking the course outside AUE to the Academic Advisor, Program Director, College Dean and the Registrar and explain whether:
 - The student is graduating.
 - The University is not offering the said course.
 - Graduation plan of the student is affected.
- b. Students should submit the duly approved Transient Student Form, upon approval from the VPAA, College Dean, Program Director, Academic Advisor and the Registrar for taking the course outside AUE.
- c. The VPAA, College Dean, Program Director, Academic Advisor and the Registrar should ensure that the proposed university in which the course is taken, whether in the UAE or abroad (Universities approved by the Ministry of Education - Higher Education Affairs (MOE) or the Universities that AUE has a partnership with, are duly approved by AUE.
- d. The Internship/Capstone /Practicum Courses are not allowed to be taken outside AUE.
- f. The learning outcomes and the syllabi of the courses taken at any other university should match an appropriate manner with the one offered by the AUE.
- g. The student should obtain prior approval and an official letter from the Registrar, should they decide to take any courses outside the University.
- h. The student should submit a letter of acceptance, duly stamped from the host university, with the official syllabi to registration within a week of approval of the student's application.
- i. Students should earn a minimum Grade of "B" for the courses to be considered.
- j. The chosen course should not be a repeated course.
- k. The student must provide the official transcript for the course in order to receive credit.

Student Attendance

Students are expected to attend punctually all their classes, lectures and Labs sessions as described in each course syllabus. Students must be aware that excessive absences and tardiness with or without excuses shall affect their class performance. Students bear the responsibility of familiarizing themselves with the class attendance requirements.

Attendance is mandatory for all courses. Class participation takes place when the student actively interacts with the instructor and/or other students through discussion or written assignments. Students with poor attendance records will receive three levels attendance warnings, if student absences exceed the allowed maximum class hours per semester, students shall receive an "FA" "Failed due to Absence" grade for that course.

Direct Study

Directed study course is intended to replace a conventional course not offered in the semester the undergraduate student wishes to enroll in order to timely graduate. A student is assigned to study individually with the faculty member to complete a credit for work course. For these courses, the syllabus topics and outlines covered are matching as that covered in the conventional course. Directed study is well-structured and defined coursework of substantive reading, research, and course assessments, that is guided by course learning outcomes attainment, and scheduled course delivery that meet the course and program rigor.

Under unusual circumstances, the University offers directed study to student to study individually with the faculty member to complete a credit for work course that is not offered for the semester for graduating students.

Eligibility

Major/specialization courses that are not offered in the semester for undergraduate programs are qualified for directed study. Junior and senior students who achieved acceptable academic progress and good standing Cumulative Grade Point Average (CGPA) are eligible to enroll in directed study course.

Students are limited to enroll in a directed study only twice (up to 6 credit hours with a maximum of 3 credit hours course) during the tenure of the student in an undergraduate program.

Contact Hours

Student will be deemed to be an independent learner for the course. As such, the student will be required to meet regularly with the faculty member as stipulated in the course syllabus. The faculty is required to provide and discuss the course topics, outlines, and course assessments with the student. The faculty shall follow the institutional grading policy to assign a final grade. The faculty has the responsibility to provide and support with evidence (course file) the same academic rigor in offering the course as for any other undergraduate course in the University.

Comprehensive Exit Exam

The American University in the Emirates (AUE) shall require all of its graduate students in a non-thesis track, to successfully pass the CEE prior to graduation.

Eligibility Criteria

Students registered in a non-thesis track must meet the below eligible criteria for attending CEE:

- Students must successfully complete all graduate program requirements.
- Student must have a minimum CGPA of 3.00

Comprehensive exit exam Structure

The CEE assessment consists of two parts; written and oral examination. They should represent a cross-content demonstrating the student's cognitive understanding and synthesis that were developed across the curriculum and co-curriculum. Both parts of the examination are required to be designed to associate cogently with all the concerned program learning outcomes.

Submission of Application

The concerned academic advisors and graduate Program Directors should ensure that all eligible students have applied for the CEE assessment at the beginning of their final semester for the review and approval of the Graduate Studies Committee.

Retaking the Comprehensive Exit Exam

Graduate students who have failed the CEE are permitted to re-take the exam only once. If they fail on the second attempt, students are eligible to petition for a third retaking conditional upon retaking core courses pertaining to the areas in which the student has failed in the CEE as per the recommendation of the concerned Program Director. Upon successful completion of the course(s) that shall cover similar content area associated with the program learning outcomes the student shall undertake the 3rd attempt of the CEE. Failure in the third attempt will result in the student's dismissal from the program and will not be awarded a degree.

Record of Comprehensive Exit Exam

The CEE assessment scores are recorded in the student's transcript as "P" or "F" and are neither graded no calculated as part of the Cumulative Grade Point Average (CGPA) of the student. The Program Director must maintain a record of all student's papers of the CEE as a soft copy in the course file.

Degree Completion and Graduation Requirements

The graduate programs at the University consists of a minimum of 30 credits. Students are awarded with a Master's degree from the University, upon the completion of the prescribed credit hours and courses of a particular program, and meeting the minimum Cumulative Grade Point Average. All graduate students at AUE are expected to complete their master's degrees' requirements within 150% of the credit hours length of their programs.

Degree Completion Requirements:

For graduate degree completion, graduate students must satisfy the following requirements:

- Earn a minimum CGPA of 3.00 on a scale of 4.00.
- Successfully complete all courses as described in the study plan
- The Degree Completion requirements must be met within the timeframe of the program.
- Transfer students must successfully earn a minimum of 75% of the course credits for the program at AUE.
- Students pursuing non-thesis track: graduate student must sit and complete successfully the Graduate Comprehensive Exit Exam during their last semester and should achieve minimum 80% of each PLO, as detailed in the *Comprehensive Exit Exam Policy*.

Graduation

Once the Graduation Ceremony is announced, all students who are eligible to attend the commencement exercise will be notified by email and phone to visit the Registration Department, complete the “*Graduation Application Form*”, pay the Graduation fees and all other requirements, such as, gown measurements and yearbook photograph. However, students must respect the deadline to submit their application for processing.

Financial Aid

Financial Support

AUE offers students financial support in various forms including scholarships, grants, and financial aid subject to eligibility and availability per semester.

The allocation of financial support is centrally coordinated via the Office of Student Life that is subject to a bi-annual audit to ensure compliance with the internally approved eligibility criteria for awarding the various forms of financial support as well as ensuring that this allocation is made in an equitable, transparent, and consistent manner in compliance with CAA Standards 6.7.5.

The University reserves the right to amend the categories of financial support offered and the eligibility criteria as well as revoke financial support in cases of violations of any of the University policies.

The University offers financial support in the following categories:

1. AUE Scholarship: a full scholarship offered by the University to eligible students at the undergraduate and graduate levels.
2. AUE Merit Scholarship: partial scholarships offered to students who either received a particular high school average and/or maintain a particular CGPA after the completion of 45 credit hours.
3. Corporate and Government Grants: partial grants of varying percentages as per agreements signed with various entities in the public and private sectors.

4. Financial Aid: a partial grant offered to undergraduate students with demonstrated financial need.

Payments Plan

AUE students are expected to pay their tuition fees and other service charges related to attending courses at American University in the Emirates before the beginning of each semester/term. All outstanding balances must be cleared prior the final exams.

Students may settle their outstanding balances by visiting the Financial Affairs Department on campus and make direct cash payment, checks (current and post-dated) or credit cards. They can also access the student's portal and pay the pending dues online, or deposit the outstanding balance through a bank transfer directly to the University bank account.

AUE offers flexible payment plan, which applies to all students and published in all University publications.

The following plan options are available:

- **Enrolled Self-Sponsored Students:**

Option 1: Full Payment (Payment should be made on the first day of registration) by cash/ credit card/current dated cheque.

Option 2: 33% down payment for the total tuition fees should be made on the same day of registration, the second 33% and the third installments 34% should be made by one month and two months postdated checks respectively. (checks need to be dated on the 5th of the due month). In the case of bounced checks from the bank, there will be a penalty of AED 525 per check. The check date cannot be changed later.

- Enrolled Sponsored Students:

Students who are sponsored by governmental, semi-governmental and private entities, should submit a sponsorship letter along with the registration form indicating that the sponsor organization will bear all student's financial liabilities, upon receipt of the invoice from AUE Financial Affairs Department.

Refund Policy

Students are eligible for only tuition fees refund after the add/drop period within the time frame stipulated. Admission and service fees are non-refundable.

It is the student responsibility to apply for the course withdrawal and abide by the refund below calendar.

100% REFUND OF COURSE FEE	Withdrawal from a course within seven days after the last day of add/drop
75% REFUND OF COURSE FEE	Withdrawal from a course within 14 days after the last day of add/drop period
25% REFUND OF COURSE FEE	Withdrawal from a course within 28 days after the last day of add/drop period
0% REFUND	Withdrawal from a course over 28 days after add/drop period

All the refunded fees are credited in the student's account; cash reimbursement can occur only when students are withdrawing from the University or graduating.

Adjustments of charges

All tuition and service fees by American University in the Emirates are approved by the University Council. AUE review its tuition and service fees annually, and may recommend and amend an increase of maximum limit 10% on the tuition and service fees to existing students in accordance with the Terms and Conditions contract (signed by all students). Changes in tuition and service fees are effective on Fall semesters of every year. All tuition and service fees are listed in the University website and Catalogs. AUE reserves the right to include additional fees to existing students to meet certain higher education needs and expectations.

Student Life

On-Campus Services

AUE provides a broad selection of services and facilities to students. The Office of Student Life has a vital role in the campus life and activities. AUE has well-resourced facilities designed to create a welcoming environment that allow students to be engaged smoothly in the university life.

Student Residence

AUE facilitates student accommodation via a trusted third-party provider. AUE students may approach the Office of Student Life for information related to the student residence via the third-party provider.

Recreational Facilities

AUE students have access to recreational facilities that engage students in common activities such as video games and other entertainment activities. The recreational area is available to all AUE students in the ground floor of block 6.

Immigration and Visa Services

AUE provides its students with UAE residence visa's that are valid for one year and renewable upon request. Upon admission and registration for a minimum of 3 credit-bearing courses students who require a visa apply by filling the relevant forms at the Protocol and Public Relations Department located on the second floor and proceed to make the necessary payments.

Lost and Found

Students who misplace any of their personal belongings may approach any of the reception desks located on the first, second, and third floors to search/retrieve their items.

Transportations & Parking

AUE provides its students with transportation services upon their request. Students who require transportation services approach the General Services Department located on the second floor.

Bookstore

The AUE bookstore located on the ground floor offers students all the required resources for their coursework including textbooks, books, and other print material.

Library

The AUE library located on the ground floor provides students, faculty and staff with access to textbooks, books, and other resources in print and electronic format. Additionally, the library provides students with access to computers and xx study rooms that provide a quiet and productive learning environment.

Copy Center

The AUE copy center located on the ground floor that serves the printing, documentation, and lamination needs of students, staff, and faculty members.

Laboratories

AUE students have access to computer laboratories equipped with the programs and software that are required for their coursework for experimental learning purposes. Either computer labs or special labs, students are encouraged to have hands on experience through practicing the course assets through these specialized labs.

Cards

AUE students are issued student ID Cards at the Admissions and Registration Department located on the second floor. Students are required to have their AUE Student ID Cards at all times and produce it for verification if required by a staff or faculty member.

Dining Services

For their dining needs students have access to the DIAC food court closely located to the AUE campus. For recreational purposes students have access to the student area on the ground floor.

Prayer Rooms

Students have access to male and female prayer rooms located on the second floor.

Security and Safety

The health and safety of students, faculty, and staff is a top priority at AUE that ensures a healthy and secure environment for all by ensuring strict adherence to the UAE Federal Labor Law Articles 91 and 101 on employee and student safety. Hence AUE provides all members of its community with appropriate protection.

The AUE campus is monitored via security cameras in addition to being secured via security agents that monitor the campus 24 hours a day 7 days a week to ensure the safety of students,

Throughout campus, detailed instructions related to fire prevention and fighting are displayed on each floor in both Arabic and English in a permanent and prominent places. Additionally, the campus has an emergency evacuation plan that is regularly tested. This evacuation plan is fixed in each floor next to the lifts showing the following: The place (where you are) according to the Campus Evacuation Exit Doors Assembly Point Instructions This evacuation plan is annually tested by both TECOM authority and AUE General Services Department

Health Services and Insurance

An ambulance is available 24/7 in front of the entrance of block 6. It provides necessary medical care to students, faculty and administrative staff members in case of emergency. If needed, free transportation to hospital will be offered. AUE also provides insurance that covers accidents that may take place on campus.

Career Services

The University's prioritizes equipping students with real life practical experience as a core part of its curriculum. Career preparedness and employment support are hence a core part of the student

experience provided by the University. This policy outlines the ways in which the University provides career services in compliance with CAA Standard 6.7.4.

The University provides internship support, career counseling, and career placement services for students via the Office of Careers and Internship that caters to students from the first year of enrollment. The services offered are as follows:

1- Career Counseling and Job Placement: the University offers students individualized career counseling as part of a career planning process in which students interests, specialization, and strengths are mapped with industry opportunities. The University works with the students to then secure adequate employment opportunities that are aligned with their field of study on an individual basis as well as via an annual Career Fair that brings potential employers from the public and private sectors.

2- Career Development and Job Preparedness: the University ensures job preparedness by offering students specialized workshops on CV writing, Interview Skills, Business Etiquette, Job Search Fundamentals as well as offering job psychometric tests. This is an addition to guest speakers and specialized workshops related to employment in specific fields as aligned with the University's offered specializations.

3- Internship Placement and Support: the University offers students support in securing internship placements that are aligned with the student's interests and fields of study both on an individual basis and as part of the core Internship requirement in specific programs. In addition to internship placement the University offers ongoing counseling and job support throughout the internship including obtaining performance feedback from the internship supervisors.

Counseling and Disability Services

As an equal opportunities institution the University supports students in their educational endeavors regardless of any personal barriers to success. The University works to ensure that students with physical, mental disabilities receive the support needed to achieve their goals during their academic careers. This policy outlines the University's student counseling and disability support offerings in compliance with CAA Standards 6.

The Office of Counseling and Disability at AUE provides a physical space that is conducive to secure and personal discussion of barriers to success that may face any given student during their academic career. The office also ensures that students are provided a qualified and experienced individual with whom they may speak with regarding any challenges they may be facing. The Office takes confidentiality extremely seriously and ensures procedures reflect a will to preserve sensitive data externally as well as within the university itself. The Office ensures that any personnel which are tasked with counseling duties are trained regarding university policy and procedures, to ensure the timely provision of services to students seeking them.

The Office of Disability Support and Counseling provides AUE students with the support needed to ensure mental health and well-being as well as the ability to succeed via adequate support for physical and mental disability. The Office of Disability Support and Counseling offers students the following services:

- 1- One-on-one counselling
- 2- Workshops on areas related to mental health and disability support
- 3- Special accommodation for students

Grievance Policy and Procedure

The Student Grievance policy provides clear and accurate advice and guidance for students making a complaint or appeal, and for staff involved in handling or supporting complaints and appeals. This policy will encourage constructive engagement with the appeals and complaints procedures and offer opportunities for early and/or informal resolution. In addition, students will be able to raise matters of concern without the risk of disadvantage. The Policy will ensure that the appeals and complaints procedures are conducted in a timely, consistent, fair manner and appropriate action is taken. The university will maintain formal records of all student grievances from initiations to the final decisions.

A grievance is defined as any incident or situation in which an enrolled AUE student perceives that one of his/her rights have been violated as outlined in the Policy on Student Rights and Responsibilities. This includes informal complaints, formal grievances, and appeals regarding perceived inadequate teaching and learning, inappropriate classroom conduct, discrimination, harassment, bullying arising between the student and his/her peers, instructors, or staff members.

An informal complaint involves academic or non-academic issue between a student and a member of faculty, staff, or student(s) for which a student pursues informal mediation and resolution directly with the party concerned.

A non-academic grievance is defined as any situation in which the student perceives his/her rights have been violated and wishes to pursue formal action against another student, faculty or staff member outside the context of a course on matters unrelated to teaching or learning by filing a Student Grievance Form at the Office of Student Life.

An academic grievance is defined as any situation in which the student perceives that his/her rights have been violated in the context of a course in matters related to teaching and learning and wishes to pursue formal action against a faculty member by filing a Student Grievance Form at the Office of Student Life.

The student grievance procedure shall be used by someone who is a student at AUE at the time the case occurred. The student registering the grievance must have received the unfair treatment as a student. A grievance cannot be filed on behalf of another student. During the grievance process, the student is responsible to provide evidence in support of the claim by maintaining written notes

and necessary documentation for each step of this procedure. All accusations arising from a single event should be part of one grievance filing.

Eligibility:

The purpose of the student grievance procedure is to provide a system to channel student complaints against students, faculty or staff, concerning the following:

- Alleged discrimination based on age, gender, race, or disability excluding sexual harassment grievances.
- Misconduct of a member of the University community
- Sexual Misconduct
 - o Because of the sensitive nature of such grievances, alleged sexual harassment complaints should be sent directly to the Manager of Student Life and Community Engagement.
 - o A meeting with the Manager of Student Life and Community Engagement will replace the first step of the grievance procedure. The Manager of Student Life and Community Engagement will counsel with the student to determine the appropriate action that is required.
 - o If the grievance is not resolved after this meeting, then the remainder the grievance procedure will be followed.
- Academic matters, excluding individual grades (which must follow the Final Grade Appeal Procedure) except when the conditions in items A or B above apply.

Informal Complaint (Mediation)

1. The student should approach the Office of Student Life and Community Engagement with their complaint.
2. The Manager of the Office of Student Life and Community Engagement may mediate between the student and the other parties involved in the incident (student, staff, or faculty member).
3. This step is not applicable in the cases of alleged sexual harassment, sexual misconduct or discrimination in which case the Office of Student Life and Community Engagement will provide all necessary support to follow the procedures correctly.
4. If the mediation efforts resolves the issue, then the Manager of Student Life and Community Engagement will notify the decision in writing to the Complainant(s) and the Respondent(s) within 5 working days from the date of resolution.

Formal Complaint/Grievance

Initiating a Grievance:

1. If the Complainant(s) is/are not satisfied with the outcome of the mediation effort, he/she may file a written grievance by completing a Student Grievance Form at the Office of Student Life and Community Engagement where staff will explain the grievance process.

2. The completed grievance form must be presented to the Manager of Student Life and Community Engagement, or designee, within 48 hours after satisfying the first step in the grievance process.
3. The Manager of Student Life and Community Engagement, or designee, shall give written acknowledgement of receipt of the Student Grievance Form.

Resolving a Grievance:

If the grievance involves an incident or situation between *a student and his/her peer*:

1. **Meeting with Complainant:** If the Student Grievance Form is not clear, the complainant will be called in the by the Manager of the Student Life & Community Service, or designee, to meet and clarify details of the grievance
2. **Investigation:** Upon receiving grievance, the Office of Student Life & Community Engagement will begin a formal investigation of the grievance.
3. **Letter of Notice:** If reasonable cause exists, the complainant (and respondents, if applicable) will be notified of a scheduled Grievance Committee Hearing via a formal letter of notice to the official University email account. The formal letter of notice will outline the alleged violations, notification of where to locate the Student Code of Conduct, procedures for resolution of the complaint, and notification of the date and time of the scheduled hearing within 48 hours of the reported violation. The respondent may also be contacted informally via phone call or in person by a Student Life Officer to follow up on the formal letter of notice.
4. **Interim Actions:** The Manager of the Office of Student Life & Community Engagement may impose interim actions during the investigation process including a no contact order or temporary suspension. Such actions may be taken to ensure the safety and well-being of the university community and the accused student.
5. **Grievance Committee Hearing:**
 - a. Hearings are closed to the public. When testimony is being given, only the Committee members, the student, the employee, and the witness giving testimony may be present. During deliberations, only the members of the Committee may be present.
 - b. Hearings are informal.
 - i. A tape recording of the testimony presented during the appeal hearing may be made.
 - ii. The Committee's deliberations are not taped-recorded.
 - iii. After resolution of the appeal, the tape recording will be kept for three months in the Office of the Director of Student Affairs.
 - iv. Either party in the appeal may listen to this tape recording under the supervision of the Chief Student Services Officer or designee
 - c. The Committee may question the student, faculty and the employee. The Committee may also question the employee's supervisor and any additional witnesses that it considers necessary to render a fair decision. Questions must be relevant to the issues of the appeal.

- d. Both parties to the appeal may ask questions of the other during the meeting. These questions must be relevant to the issues of the appeal. The Chairperson of the Committee will determine the appropriateness of the questions.
 - e. The student shall bear the burden of proof.
 - f. The Committee shall decide the solution of the grievance by a majority vote. In case of a tie, the Chairperson shall vote and thus break the tie.
 - g. The Chairperson shall forward a copy of the Committee's decision to all parties involved within 5 days of the Committee's decision
6. **Decision & Notification:** Based on the findings of the Grievance Committee, the respondent(s) will receive a formal outcome letter within 5 business days of the hearing outlining the violation(s), the Committee's decision, and the student's right for an appeal. The student is subject to any one or more of the following disciplinary actions:
- o **Verbal Warning:** An official verbal notice by the Manager of Student Life & Community Engagement in which the policy is explained to the respondent with the understanding that further action may be taken should the respondent be involved in further violations. The Office of Student Life & Community Engagement keeps a record of this incident, but it does not go into the student's disciplinary record.
 - o **Written Warning:** An official written notice by the Manager of Student Life & Community Engagement that becomes a part of the student's disciplinary record.
 - o **Restitution:** The requirement to provide monetary compensation for any damage caused to the University or any other person's property.
 - o **Community Service Hours:** The requirement to complete a specific number of unpaid service hours to the University, as approved by the Manager of the Office of Student Life & Community Engagement.
 - o **No Contact Order:** An order for a specific person(s) to refrain from engaging in any contact of any means with another specified member of the university campus.
 - o **Behavioral Requirements:** The requirement to complete a specific activity such as writing an essay or an apology letter, giving a presentation, apologizing to another party in person, attending counseling, etc.
 - o **Educational Requirement:** The requirement to complete a specific activity such as attending and/or participating in an educational activity and/or sponsoring or assisting with an educational activity for others.
 - o **Withdrawal of Financial Support:** Should a student be a recipient of any financial support including a scholarship, grant, or financial aid, the Manager of the Office of Student Life & Community Engagement has the right to withdraw financial support permanently or for a set period of time.
 - o **Exclusion from University Events:** The University has the right to exclude the respondent from the participation in and/or attendance of a specific or all University events and activities, including the graduation ceremony.
 - o **Disciplinary Probation:** The respondent is placed on official notice that they are not in good standing with the University; the respondent is restricted of their eligibility for financial support and on-campus employment, holding administrative positions on the Student Council and/or Student Clubs, and participation in Student Events.
 - o **Disciplinary Suspension:** The respondent is required to temporarily separate from the University for a specific number of time. During this period of time, the respondent

will be withdrawn from all courses, will be blocked from accessing the AUE Student Portal, will be banned from visiting the University grounds and attending any University events and activities.

- o **Permanent Expulsion:** The respondent is required to permanently separate from the University. The respondent will be withdrawn from all courses and will be permanently banned from visiting the University grounds and attending any University events and activities.
- o **Withholding Degree:** The University has the right to withhold issuing a degree to the respondent until all imposed sanctions, if any, are complete.

If the grievance involves an incident or situation between a student and a staff member or a faculty member on matters unrelated to teaching and learning:

1. **Meeting with Complainant:** If the Student Grievance Form is not clear, the complainant will be called in the by the Manager of the Student Life & Community Service, or designee, to meet and clarify details of the grievance
2. **Investigation:** Upon receiving grievance, the Office of Student Life & Community Engagement will begin a formal investigation of the grievance.
3. **Letter of Notice:** If reasonable cause exists, the complainant (and respondents, if applicable) will be notified of a scheduled Grievance Committee Hearing via a formal letter of notice to the official University email account. The formal letter of notice will outline the alleged violations, notification of where to locate the Student Code of Conduct, procedures for resolution of the complaint, and notification of the date and time of the scheduled hearing within 48 hours of the reported violation. The respondent may also be contacted informally via phone call or in person by a Student Life Officer to follow up on the formal letter of notice. Additionally, the immediate supervisor of the staff or faculty member will be notified.
4. **Interim Actions:** The Manager of the Office of Student Life & Community Engagement may impose interim actions during the investigation process including a no contact order or temporary suspension. Such actions may be taken to ensure the safety and well-being of the university community and the accused student.
5. **Grievance Committee Hearing:**
 - a. Hearings are closed to the public. When testimony is being given, only the Committee members, the student, the employee, and the witness giving testimony may be present. During deliberations, only the members of the Committee may be present.
 - h. Hearings are informal.
 - v. A tape recording of the testimony presented during the appeal hearing may be made.
 - vi. The Committee's deliberations are not taped-recorded.
 - vii. After resolution of the appeal, the tape recording will be kept for three months in the Office of the Director of Student Affairs.
 - viii. Either party in the appeal may listen to this tape recording under the supervision of the Chief Student Services Officer or designee
 - i. The Committee may question the student, faculty and the employee. The Committee may also question the employee's supervisor and any additional witnesses

that it considers necessary to render a fair decision. Questions must be relevant to the issues of the appeal.

- j. Both parties to the appeal may ask questions of the other during the meeting. These questions must be relevant to the issues of the appeal. The Chairperson of the Committee will determine the appropriateness of the questions.
 - k. The student shall bear the burden of proof.
 - l. The Committee shall decide the solution of the grievance by a majority vote. In case of a tie, the Chairperson shall vote and thus break the tie.
 - m. The Chairperson shall forward a copy of the Committee's decision to all parties involved within 5 days of the Committee's decision
6. **Decision & Notification:** Based on the findings of the Grievance Committee, the respondent(s) will receive a formal outcome letter within 5 business days of the hearing outlining the violation(s), the Committee's decision, and the student's right for an appeal. The student is subject to any one or more of the following disciplinary actions:
- o **Verbal Warning:** An official verbal notice by the Manager of Student Life & Community Engagement in which the policy is explained to the respondent with the understanding that further action may be taken should the respondent be involved in further violations. The Office of Student Life & Community Engagement keeps a record of this incident, but it does not go into the student's disciplinary record.
 - o **Written Warning:** An official written notice by the Manager of Student Life & Community Engagement that becomes a part of the student's disciplinary record.
 - o **Restitution:** The requirement to provide monetary compensation for any damage caused to the University or any other person's property.
 - o **Community Service Hours:** The requirement to complete a specific number of unpaid service hours to the University, as approved by the Manager of the Office of Student Life & Community Engagement.
 - o **No Contact Order:** An order for a specific person(s) to refrain from engaging in any contact of any means with another specified member of the university campus.
 - o **Behavioral Requirements:** The requirement to complete a specific activity such as writing an essay or an apology letter, giving a presentation, apologizing to another party in person, attending counseling, etc.
 - o **Educational Requirement:** The requirement to complete a specific activity such as attending and/or participating in an educational activity and/or sponsoring or assisting with an educational activity for others.
 - o **Withdrawal of Financial Support:** Should a student be a recipient of any financial support including a scholarship, grant, or financial aid, the Manager of the Office of Student Life & Community Engagement has the right to withdraw financial support permanently or for a set period of time.
 - o **Exclusion from University Events:** The University has the right to exclude the respondent from the participation in and/or attendance of a specific or all University events and activities, including the graduation ceremony.
 - o **Disciplinary Probation:** The respondent is placed on official notice that they are not in good standing with the University; the respondent is restricted of their eligibility for financial support and on-campus employment, holding administrative positions on the Student Council and/or Student Clubs, and participation in Student Events.

- o **Disciplinary Suspension:** The respondent is required to temporarily separate from the University for a specific number of time. During this period of time, the respondent will be withdrawn from all courses, will be blocked from accessing the AUE Student Portal, will be banned from visiting the University grounds and attending any University events and activities.
- o **Permanent Expulsion:** The respondent is required to permanently separate from the University. The respondent will be withdrawn from all courses and will be permanently banned from visiting the University grounds and attending any University events and activities.
- o **Withholding Degree:** The University has the right to withhold issuing a degree to the respondent until all imposed sanctions, if any, are complete.

If the grievance involves an incident or situation *between a student and faculty member related to teaching and learning*:

1. **Notify College Dean or Provost:** The Manager of Student Life and Community engagement will notify the College Dean and or Provost who will form a committee to investigate the incident or situation.
2. **Committee Findings Shared with OSL:** The committee findings and recommendations are to be shared with the Manager of Student Life and Community Engagement within 48 hours from the reporting of the grievance.
3. **Notification:** The Manager of Student Life will inform the student of the outcome in writing via the student's official University email with 48 hours from when the committee's decision is communicated .

Appealing to the Grievance Committee

1. **Submit Grievance Appeal Form:** If a student remains unsatisfied with the outcome of the Grievance Committee he/she may appeal the decision by filling the Grievance Appeal Form at the Office of Student Life and Community Engagement within five working days after receiving the Grievance Committee decision. The request shall include a copy of the original grievance form and the reason why the supervisor's response was unsatisfactory.
 - a. No appeal shall be allowed unless the appellant cites specifically to the grievance record and states with specificity the grounds under which the appeal shall be allowed.
 - b. Any appeal submitted that does not include the required information will be dismissed without review.
2. **Grievance Appeal Committee:**
 - a. The Manager of Student Life and Community Engagement will notify the Director of Student Services
 - b. The Director of Student Services shall ensure that a Grievance Appeal Committee is organized in a manner consistent with the Committee Structure described in this

- procedure. The Director of Student Services shall present all relevant information on the case to the Grievance Appeal Committee who then meet with all relevant parties.
- c. If the Student Grievance Committee overrules a decision in whole or in part, it may:
 - i. Modify the decision; or
 - ii. Remand for further proceeding.
 3. The Grievance Appeal Committee shall be responsible for reviewing substantive or procedural appeals from the decision(s) of a college dean or university administrator.
 4. Decisions of the Grievance Appeal Committee are final. There is no further appeal within the Student Grievance procedures.

The Student Grievance Committee

Composition

1. Three students recommended by the AUE Student Council.
2. Two faculty members recommended by the Provost/VPAA.
3. One Student Services staff member recommended by the VPEMSS.
4. One administrator, other than the Director of Student Services, to serve as the Committee's chairperson.
5. The Manager of Student Life and Community Engagement, or designee, who serves as ex-officio, non-voting member of the Committee. The President must approve all recommended members.

Purpose and Function

1. All student grievance committees are ad hoc and shall be formed to hear specific complaints. A new committee may be formed every time that a grievance covered under this procedure is filed.
2. Whenever a committee is formed, it may adopt additional rules and guidelines not in contradiction with these procedures.
3. When a grievance committee is scheduled, the parties involved are entitled to:
 - a. A written notice of the complaint that shall be forwarded to all parties at least five working days prior to the meeting unless the student filing the complaint waives this requirement. This notice shall include the following:
 - i. A brief description of the complaint, including the name of the person filing the complaint;
 - ii. The date, time and location of the meeting, and
 - iii. The name of any person who might be called as a witness.
4. Review all available evidence, documents or exhibits that each party may present at the meeting. This review must take place under the supervision of the Manager of Student Life and Community Engagement or his/her designee.
5. Appear in person and present information on his/ her behalf and present additional evidence to the Committee, subject to the Committee's judgment that the evidence is relevant to the appeal.

6. Call witnesses who are dismissed after providing testimony and responding to questions posed by the Committee and either party in the appeal.

Hearing Procedures

1. Hearings are closed to the public. When testimony is being given, only the Committee members, the student, the employee, and the witness giving testimony may be present. During deliberations, only the members of the Committee may be present.
2. Hearings are informal.
 - a. A tape recording of the testimony presented during the appeal hearing may be made.
 - b. The Committee's deliberations are not taped-recorded.
 - c. After resolution of the appeal, the tape recording will be kept for three months in the Office of the Director of Student Affairs.
 - d. Either party in the appeal may listen to this tape recording under the supervision of the Chief Student Services Officer or designee
3. The Committee may question the student, faculty and the employee. The Committee may also question the employee's supervisor and any additional witnesses that it considers necessary to render a fair decision. Questions must be relevant to the issues of the appeal.
4. Both parties to the appeal may ask questions of the other during the meeting. These questions must be relevant to the issues of the appeal. The Chairperson of the Committee will determine the appropriateness of the questions.
5. The student shall bear the burden of proof.
6. The Committee shall decide the solution of the grievance by a majority vote. In case of a tie, the Chairperson shall vote and thus break the tie.
7. The Chairperson shall forward a copy of the Committee's decision to all parties involved within 48 hours of the Committee's decision

A Grievance Petition

A filed Grievance must be in writing and must contain:

1. The name of the grievant, student identification number (if applicable), and contact information to include the email address
2. The name(s) of the respondent(s)
3. A detailed description of the nature of the grievance and the actual harm inflicted to the student
4. A detailed description of any informal resolution sought and the outcomes
5. A detailed description of the relief sought from the grievance.
6. Name and Signature of the complainant(s)
7. Date of submission of the grievance

The Appeal Form

An appeal must be in writing and contain:

1. The appellant(s)'s name, student identification number, and contact information to include the email address
2. A detailed description of the appeal

3. A copy of the findings of the complaint review/hearing with the supporting documents
4. The specific grounds supporting the appeal.
5. A detailed description of the resolution sought
6. Signature of appellant(s)
7. Date of submission of the grievance

Student Rights and Responsibilities

AUE safeguards the rights of its students as they pursue knowledge, personal and professional growth as members of the University community in a manner that enables a safe and conducive learning environment for all. Fundamental to these rights is the guarantee of equal opportunity for all regardless of age, gender, nationality, race, religion, and physical ability. Furthermore, as members of the University community students are also accountable for upholding their responsibilities in accordance with the laws and cultural values of the UAE and the provisions of the University policies and procedures.

Student rights are as follows:

1. The right to fair and equal treatment by all members of the University community including faculty and staff.
2. The right to respect, dignity, and confidentiality of information in accordance with the University policies and procedures.
3. The right to due process that is fair and in accordance with University policies and procedures.
4. The right to report any perceived violations of the University policies and procedures via appropriate channels.
5. The right to a safe and conducive learning environment that offers adequate and appropriate resources.
6. The right to complete and accurate information about the University policies, procedures and any other information via timely communication by the University's official communication channels including official email, print, website, portal announcements, the call center, and social media outlets.
7. The right to express their views and share their feedback about University operations, faculty members, and courses via appropriate channels as outlined in the University policies and procedures.
8. The right to participate in institutional decision making via appropriate channels as outlined in the University policies and procedures.
9. The right to complete and accurate information regarding classwork including but not limited to: a complete course outline, grading rubric, grade scale, and coursework descriptions clearly stipulating requirements.
10. The right to pursue extracurricular interests and personal and professional growth by forming and participating in University clubs, societies, and events.

Student responsibilities are as follows:

1. To abide by the University Honor Code, Code of Conduct, and the stipulations outlined by the University policies and procedures.

2. To uphold the University values and treat all members of the University community including faculty, staff, and peers with dignity and respect and in accordance with the UAE culture and values.
3. To obtain complete and accurate information about University policies and procedures and seeking the support of the relevant individuals and departments in a timely manner.
4. To provide complete and accurate information to the University such that it is able to communicate with the student in a timely manner including activating and using the University email as well as an accurate and valid phone number.

If an enrolled student perceives that any of the aforementioned rights have been violated by any student, faculty, or staff member on or off campus then he/she has the right to file a Grievance as per the Grievance Policy.

Orientation

New students are encouraged to attend the Orientation Program prior to their registration. The Orientation Program allows students to:

- Be introduced to AUE academic life.
- Gain information on the general academic policies and regulations.
- Socialize with peers.
- Meet the faculty members and administration staff of AUE.
- Discuss relevant issues as freshmen.
- Gain information on the University facilities and services.
- Go on campus tours and visit the departments.

With the assistance of the Students Affairs Department, each college/department organize an orientation for their students to allow them to familiarize themselves with the college study plan, requirements, regulations and any other academic issues.

Students who fail to attend their Orientation Program will miss crucial information relevant to their journey at AUE, which provides updates concerning all campus-wide or program issues and changes each year. AUE introduced the Orientation Program under the name "University Life" in the "Study and Learning" course to ensure students who could not attend the Orientation Program could also benefit from it.

Student Publications and Media

Students may contribute to the University publications or initiate/participate in student-run publications as part of extracurricular activities/clubs/societies. Any kind of participation in University publications or representing the University in outside publications is prohibited without the explicit written approval of the Office of Student Life and Community Engagement and/or the concerned faculty/staff member where applicable.

Advising and Student Success

The Office of Advising and Student Success is focused on enabling students to achieve their academic goals throughout their journey towards fulfilling their degree requirements. The goals of the Office of Advising and Student's Success are as follows:

- To provide advising support services that supplement the advising function at the college-level while enabling students to achieve their academic goals.
- To provide the academic support needed for students to achieve their course-specific goals and enhance the skills necessary for success in achieving the learning outcomes of their programs.

The Office provides students support in two important areas:

- Advising services which center on providing students with the support needed as they make fundamental decisions about their academic goals, course registration in line with their study plans, providing students with the information needed to better understand their academic standing, and developing strategies that enables students to confidently move towards their academic goals.
- Success support services which focuses on providing students at risk with the support needed in obtaining course-specific support in the form of peer mentorship. This process is particularly important given that it is built on a system in which students with a demonstrated record of academic excellence are given the opportunity to develop their own leadership/mentorship skills and gain practical experience as they assist their peers in subjects/skillsets in which they may be struggling. This student-centric learning process provides a unique learning experience for the students and enables them to more actively engage in the learning process whether as mentors or mentees.

University Terminology

Academic Advisor

Faculty member assigned to guide the student in choosing courses by providing information about the university study requirements and all academic policies and procedures.

Academic Calendar

Where all the official dates and deadlines of the academic year are listed

Academic Standing

Is determined by the number of credit hours attended and the number of grade points earned by the student (Good standing, Academic warning, Academic dismissal)

Academic Year

The period of the year during which students attend classes; usually starting from the beginning of the Fall semester and ending in the Summer semester

Add/Drop

The process when students need to change a schedule (courses/sections) for which they have already registered; this process usually occurs in

the beginning of each semester

Admission

The process of being granted acceptance as student.

Alumni

Students who graduated and earned a degree from a university

CGPA

Cumulative Grade Point Average of the grades earned on all courses attended at a university

Class Standing

Referred as academic level determined by the number of credit hours completed (Freshman, Sophomore, Junior, Senior)

College Dean

Head of the college within the university.

Commencement

Graduation ceremony.

Co-requisite

Two or more courses which must be taken simultaneously in the same semester.

Course Load

The number of credit hours carried by a student during a given semester.

Course withdrawal

The act of cancelling a course after the drop period but before the final exam. The Withdrawn course is recorded on the student transcript by "W" or "WF".

Credit hour

Related to the number of hours of instruction per week during the academic semester

Deferred

When a student decides to postpone his registration until a future semester.

Dismissal

When the student is involuntary separated from the university due to unacceptable academic achievement or misconduct.

Enrollment

The process by which a student who has been admitted to a university program, formally registers to undertake courses within their program as either a new or continuing student.

Free elective course

Courses which are not compulsory for students. Electives may be free—selected by the student from any course offerings, or restricted—chosen from a pre-determined list of options.

General education course

General education is that aspect of the curriculum intended to provide students with critical thinking skills; a broad understanding of the approaches to knowledge such

as the humanities, the arts, the social sciences or the sciences; a common core of understanding among students (such as in Islamic studies or other cultural studies); and a level of skill appropriate to higher education in mathematics, information literacy, the application of technology and communications (oral and written).

GPA

Grade Point Average of the grades earned in the course

Prerequisite

A course that students must take prior to attending another course.

Registration

The process of enrolling in classes for an upcoming semester. Registration may be accomplished by accessing student's portal, "eduGate"

Regular Semester

A semester is a period of time, typically a minimum of 15 weeks, during which an institution offers courses.

Term

Some courses may be offered in a time-shortened period, often called a term, such as a summer term, which nonetheless offers class contact time and out-of-class assignments equivalent to a semester course.

Schedule

A list of offered courses during a semester's specified days, hours, locations and name of instructors.

Student

A person who was admitted at the University within one of the colleges/specializations, holding a University Identity number and paid the non-refundable admission fees.

Specialization

An approved area of study, having a specific curriculum, within a particular graduate degree.

Syllabus

The document that an instructor provides as a course outline. A syllabus usually includes assignments, due dates, grading procedures and attendance policies.

Transcript

The official record of a student's academic achievement at AUE, listing credit courses, grades and credit hours earned or attended by a student.

Transfer student

A student who attended another institute and receives acceptance at AUE. Courses completed at the student's previous institute might be considered for transfer after satisfying the transfer policies.

Transient student

AUE student who would like to attend courses at a different university, upon approval of the University.

University withdrawal

The process of officially leaving the AUE for reasons other than graduation.

Visiting student

A student who has enrolled in an accredited university and is granted permission from his University to register for specific courses (for two semesters) at AUE and earn transferable grades.

Independent Study

A course in which a student is individually supervised by a faculty member, which enables a student to undertake a learning opportunity which is otherwise unavailable. Directed learning or independent study courses

must have an appropriate learning plan (typically a syllabus), learning outcomes, end of term evaluations and appropriate assessment. The Standards limit the amount of such credit that can be applied to an undergraduate qualification.

Internship

The term applies to an experience in which a student has a program-related assignment involving attachment to a recognized business, agency or organization. The internship must be appropriate to the major or program of study of the student. The term —practicum|| is sometimes synonymous with internship.

Track

A track is a narrow area within the major field, which the student may choose to follow, but which does not lead to a specialized award or degree and is not listed on the diploma or degree certificate. The number of credit hours in a track may vary, but is typically a minimum of 9 semester credits (or equivalent).

College of Business Administration (COBA)

Programs

- 1- Master of Business Administration

2- Master of Sports Management

Program Goals

Master of Business Administration

1. Provide a world class graduate business education in a diverse, competitive, team-intensive, changing environment.
2. Develop innovative and cutting-edge curricula that bring together academics, students, alumni, and business executives to enhance the integration of business theories and practices.
3. Prepare business students for successful careers; practicing leadership skills, and developing a lifelong learning and a strong social network.
4. Enhance effective communication both verbally and in writing ideas and arguments associated with business issues.
5. Attain intellectual leadership by hiring faculties that are committed to teaching, research, and services to the community and their profession.
6. Provide outstanding facilities with cutting-edge technological support

Master of Sports Management

1. Build and sustain relationships with public and private, local, regional, and international sport organizations
2. Integrate practical, applied experiences and activities into every element of the curriculum.
3. Cultivate and nurture continuous learning opportunities for the local and regional sport industry.
4. Engage in scholarly and industry research collaboration to advance knowledge and build overall sport industry capacity in the MENA region.

Thesis (6 Credits)

AUE has the special topics course and thesis research in the area of specialization of MBA. Upon attending 7 core courses and passing them successfully (CGPA 3.0), MBA students are allowed to submit their thesis plan to the MBA Coordinator. During summer time, the MBA coordinator in coordination with the Dean of College of Business Administration (COBA), the thesis topics will be approved and the supervisors will be assigned for each student. This policy will allow the students to start writing their thesis in advance and hence their graduation can be achieved successfully by the end of the third semester.

Students who are not interested in pursuing the thesis, may opt for two additional elective courses in lieu of the thesis track, However, those who are pursuing the non-thesis track shall pass the comprehensive exit exam as part of their graduation requirements.

The course aims to familiarize the issues facing the operations of organization, production scheduling, capacity and Location planning, process selection, facility layout, inventory control, project management, and quality control to gain competitive advantage in an organization.

Course Name: *Marketing Concepts*

Course Code: *MKT 500*

Credits: *2*

Description:

Course constitutes a preparatory course for MBA students and provides them with fundamental knowledge of marketing. This course will familiarize students with the scope, terminology, topics, and procedures of marketing strategy and importance of consumer. Students will discuss marketing concepts like product planning strategy, pricing, advertising and distribution from a business perspective.

Course Name: *Accounting for Managers*

Course Code: *ACC 500*

Credits: *2*

Description:

This preparatory course introduces the accounting concepts necessary for decision making as it is the core of efficient management processes that heavily depends upon useful accounting information. This course covers accounting and financial information that can help managers to measure and

assess performance as well as assist with operational planning within the organization and choose between cost effective alternatives.

Course Name: *Statistics and Quantitative Analysis*

Code: *SQA 500*

Credits: *2*

Description:

This course aims to acquire a sound education in those statistical concepts quantitative analysis and their applications in the fields of business and economics. This course requires fundamental understanding of basic statistics like frequency distribution, averages, measures of variability, probability. The course also recommends a prior understanding of software application SPSS or Megastat. Course covers statistical concepts and methods like hypothesis testing, variance Tests, regression analysis, Decision theory, chi-Square analysis and ANOVA with an emphasis on business application. Emphasis on the formulation of problems and their solution by standard methods and by computer packages.

Core Courses:

Course Name: *Marketing and International Business*

Course Code: *MKT 600*

Credits: *3*

Description:

Marketing and International Business course is designed to expose the students to the dynamic of international environment within its practical point. The dramatic and the increase of free trade in the modern world have had a clear effect on the international business activities of many countries, including marketing; number of business activities is becoming increasingly global in the recent years. Via this course, the student will practice and apply all learned concepts related to international trade theory, counter-trade, cultural differences, global marketing, foreign exchange markets, political environments and international business strategies with an emphasize on applying marketing process in the international environment.

Course Name: *Advanced Financial Management*

Course Code: *FIN 600*

Credits: *3*

Description:

This course is intended to equip students with advanced knowledge of corporate finance by linking theory and application. The students should be able to understand and apply the practical application of financial theory, concepts and relationships, to review and prioritize concepts in economics, marketing, and resource management, essential in value creation. Additionally, they should analyze different concepts, theories, application and issues related to managerial finance, techniques of analysis, and most

importantly, making decisions and managing to create value. Finally, students should develop knowledge in corporate governance issues such as corporate control, bankruptcy, liquidation, and reorganization.

Course Name: Business Research Methods

Course Code: RMT 600

Credits: 3

Description:

This course offers an introduction to quantitative and qualitative designs in management research as well as to applied statistical methods. The students will learn the language and terminology of business research, the research process, use of different data sources and statistical techniques, measurement issues such as reliability and validity, and research instruments including questionnaires and interview schedules. It will prepare students for conducting an independent study, including formulating research questions, reviewing the literature, selecting a research approach and analytical/statistical models appropriate for answering the questions. The course has an applied orientation and students will develop basic research skills and knowledge to effectively use research in decision-making and solving organizational problems. The students will be trained in the use of SPSS and NVivo software programs and will learn to apply SPSS-based statistical methods in their quantitative studies and NVivo in qualitative research projects. The course will emphasize the importance of cross-cultural dimension in the design and execution of empirical studies relating to different aspects of business.

Course Name: Managerial Economics

Course Code: ECO 600

Credits: 3

Description:

This course is designed to enhance the understanding of microeconomic concepts and quantitative tools used in decision making problems. Topics to be covered in the course include forecasting consumer demand, production, pricing and production decisions, and sensitivity analysis. The course covers the changing structure of organizations and the strategic behavior of managers in today's complex and continuously changing business environment.

Course Name: Strategic Management Theory and Practice

Course Code: MGT 600

Credits: 3

Description:

The Strategic Management course is the capstone course in the MBA Program which integrates the knowledge from different business disciplines such as Economics, Financial Management, Marketing International Business and Information technologies. The course will help students gain knowledge necessary to successfully manage organizations in a highly complex business environment. Various advanced strategic models and tools are used to enhance the practical application of recent theoretical models. Course helps students develop knowledge, skills, and competencies needed to design effective strategies for global business.

Course Name: Leadership and Change Management

Course Code: MGT 601

Credits: 3

Description:

This course examines the importance of leadership in organizations and change management and explains the role of leaders in times of change. The course objective is to provide a balance of theory and practice as it analyses the major leadership theories and change management in regional and international organizations. This course will also help in challenging students to think critically and to make decisions by considering the causes and nature of change, cultural and political contexts for change and how to lead change and designing, planning and implementing change in organization. The topics covered include managerial roles and decisions, leadership skills, traits and behavior, various leadership theories, distribution of power in organization, organizational change, etc. Students will be put into leadership role, engaged in applying the concepts and handling leadership function.

Course Name: Management of Information Technology

Course Code: MGT 602

Credits: 3

Description:

The course discusses the information systems planning, and organizing and the application of information technology advancements. This course has a managerial perspective that describes how IS / IT supports business goals and functions are applicable to management, what information resources are available to the manager, and how the manager is involved in the information development process.

Elective Courses:

Course Name: Strategic Cost and Managerial Accounting

Course Code: ACC 600

Credits: 3

Description:

This course provides a comprehensive, graduate level exploration of managerial accounting. The course focuses on the use of accounting data in the management of an organization. Naturally, what accounting data are interesting and how they might be used depend on what the manager is seeking to accomplish and what other information is available.

Course Name: Project Management

Course Code: MGT 606

Credits: 3

Description:

This course is designed to provide an overview of main concepts, models, project management tools, techniques, and challenges associated with planning and managing projects. This course equips the students with the required knowledge in different related topics like Project Selection, Scope Management, Project Team Building, Risk Management, Cost estimation and Budgeting, Project Scheduling, Project Evaluation and Control, Resource Management. All the covered topics are aligned with PMBOK, and the student will experience his practical skills through MS Project.

Course Name: Innovation and Entrepreneurship

Course Code: MGT 604

Credits: 3

Description:

This course marks students' introduction to the theory and practice of innovation and entrepreneurship. Whether they

are creating an opportunity or seizing an existing one students explore the core concepts and tools for creating new products or services, new businesses, or new markets from a multilayered perspective. The course examines the fundamentals of innovation in a multitude of settings, operationalizing the entrepreneurial spirit via a comprehensive business plan, and making decisions in the areas of strategic planning, financing, marketing, process improvement, and management with an awareness of the opportunities and challenges of working in an increasingly complex environment regionally and internationally.

Course Name: Total Quality Management

Course Code: MGT 615

Credits: 3

Description:

This course is designed to expose students to the various TQM frameworks, philosophies, and quality improvement basic and advanced tools necessary for implementing the quality culture that characterizes world-class organizations of the 21st century. The course is built around the core values and the criteria for performance excellence embodied in the national as well as international Quality Award. Furthermore, the course explores these key actions necessary for transforming business organization into excellent organizations that deliver value to their customers, clients, and constituents.

Course Name: Digital Marketing and Social Media

Course Code: MKT 603

Credits: 3

Description:

This course introduces students to emerging interactive technologies and social media tools, and discusses ways in which these technologies can be exploited by businesses to more effectively serve markets. Students will further examine how marketing-related functions are changed by the potential of new technologies and how these new technologies can become key components of the organization's strategic marketing effort. Special emphasis is given to analysis of modern digital, tech-savvy connected customers, digital subcultures and engagement and content marketing practices.

Course Name: Seminar Contemporary Topics in Management

Course Code: MGT 607

Credits: 3

Description:

The primary objective of this course is to acquaint students with some of the most recent business practices, trends and challenges within various business disciplines. Specific contemporary/ emerging topics from different areas of management are covered, such as Digital Workplace, Talent Management and Employee Engagement, Virtual and

Distributed Teams, Automation and Robotics, Algorithms and Using Artificial Intelligence, Blockchain and Bitcoin, Organizational Excellence, Civility and Dignity, Neuromarketing, Design Thinking, Smart City Management, Crowd- funding and Lean Startup etc. This will provide students with an opportunity to explore cutting-edge developments in different management areas, and to choose the topic most relevant to their field of interest. The course will explore current topics with a special emphasize on contemporary business and management practices and challenges from MENA region.

Course Name: Organizational Development

Course Code: MGT 616

Credit hours: 3

Description:

The course explores Organization Development (OD) as a field leaning on performance excellence with the integration of various methods. This course is an on-going process that deals with the most fundamental issues facing the businesses today and how they interrelate: leadership, growth and death of organizations.

Course Name: Islamic Economics and Finance

Course Code: FIN 601

Credit hours: 3

Description:

This course provides a comprehensive study of the Islamic Economics and Finance. It focuses on the Islamic economic philosophies underlying the Islamic economic system and its implications for the tools of fiscal and monetary policy. Economic fairness, market functionality & efficiency, and equity are examined from an Islamic vantage point.

Course Name: Thesis

Course Code: MGT 605

Credit hours: 6

Description:

Conducted under the supervision of a faculty member assigned as supervisor, the thesis enables the students to make a research on a chosen topic and prepare a thesis report on the study conducted and its main results. Thesis should stem from students' original work that involves field study, laboratory work, or laboratory research. Emphasis will be given on the methods of data collection and analysis, conclusions and recommendations on the basis of the findings of the study, and proper presentation of the research in a desired format. The thesis topic should be related to contemporary business and management practices.

Master of Sports Management

Bridging Courses:

Course Name: Management and Organizational Behavior

Course Code: MGT 500

Credits: 2

Description:

The course examines management functions and theories and analysis the implications of organizational behavior on the

process of management. Students will be able to understand and assess behavior of individuals and groups in both culturally diverse and non-diverse organizational setting. The course will help in challenging students to think critically and evaluate the effects that an external environment has on organizational process and behavior. Moreover, students will analyze the elements of organizational structure and the impact that they have on employees. The course covers topics such as: theories and functions of management, organizational culture and structure, employees' motivation, communication in organizations, stress and conflict management, leadership, team work, job satisfaction, etc.

Course Name: Accounting for Managers

Course Code: ACC 500

Prerequisite: N/A

Credits: 2

Co requisite: N/A

Description:

This preparatory course introduces the accounting concepts necessary for decision making as it is the core of efficient management processes that heavily depends upon useful accounting information. This course covers accounting and financial information that can help managers to measure and assess performance as well as assist with operational planning within the organization and choose between cost effective alternatives.

Course Name: Production and Operations Management

Course Code: MGT 501

Credits: 2

Description:

The course is designed for students to understand the analytic methods in operation of organizations and industries. The course aims to familiarize the issues facing the operations of organization, production scheduling, inventory control, project management, and quality control and methodology to gain competitive advantage in an organization

Course Name: Marketing Concepts

Course Code: MKT 500

Credits: 2

Description:

Course constitutes a preparatory course for MBA students and provides them with fundamental knowledge of marketing. This course will familiarize students with the scope, terminology, topics, and procedures of marketing strategy and importance of consumer. Students will discuss marketing concepts like product planning strategy, pricing, advertising and distribution from a business perspective.

Course Name: Statistics and Quantitative Analysis

Code: SQA 500

Credits: 2

Description:

This course aims to acquire a sound education in those statistical concepts quantitative analysis and their applications in the fields of business and economics. This course requires fundamental understanding of basic statistics like frequency distribution, averages, measures of variability, probability. The course also recommends a prior understanding of software application SPSS or Megastat. Course covers statistical concepts and methods like hypothesis testing, variance Tests, regression analysis, Decision theory, chi-Square analysis and ANOVA with an emphasis on

business application. Emphasis on the formulation of problems and their solution by standard methods and by computer packages.

Course Name: Finance for Managers

Course Code: FIN 500

Credit hours: 3

Description:

The objective of this course is to introduce the student to the basic principles of financial statement analysis, time value of money, bond valuation, stock valuation, the relationship between risk and return, capital budgeting and investment decision, short term and long term financing decisions, financial planning, and options. Other topics include capital budgeting, business decisions, and real options embedded in investment decisions. This course lays the foundation for more advanced investment and corporate finance courses. (Cited from Georgia Technology University, mgt.gatech.edu)

Course Name: Strategic Management

Course Code: MGT 502

Pre-requisites: MGT 500,

Credit hours: 2 MGT 501, MKT 500, FIN 500

Description:

This course will provide students with the knowledge and skills necessary to manage the long-term performance of a firm. Taking the perspective and mindset of top management, students will learn to analyze the firm in its environment. By matching opportunities and threats found in this environment with the internal strengths and weaknesses of the firm, you will learn to formulate strategies and develop ways to implement these strategies. Student's performance in this course depends to a significant extent on the successful integration of previous coursework in the various functional areas of business theories.

Core Courses:

Course Name: Sport Governance and Policy

Course Code: MSM 600

Credit hours: 3

Description:

The course explains the sport governing and policymaking bodies in detail including recreational sport, amateur athletics, Olympic and professional sport. The course highlights the sport governance and policymaking processes in GCC countries.

Course Name: Sports Marketing

Course Code: MSM 601

Credit hours: 3

Description:

This course examines the application of basic principles of business marketing to diverse sectors in the sport industry. The course explores the basics of sport market segments (spectators and participants), and builds on that to identify principles for creating and maintaining deep relationships with the sport consumer. It also explores marketing operations for sport including database marketing, customer relations, and brand and line extensions in sport. It presents the basics of sponsorship, including the sponsor-sport property partnership, activating sponsorships, and assessing sponsorship effectiveness.

Course Name: Managing Sport

Course Code: MSM 602

Credit hours: 3

Description

This course provides the basic concept of sports management in terms of its scope, principles, issues and future trends. Additionally, it provides an opportunity to explore sport managers' role, responsibilities, and required skills in organizations in the sport industry and to learn strategies for their career success. It provides students with the opportunity to gain information and understanding of the various practices and procedures associated with sport administration and management.

Course Name: Sports Finance

Course Code: MSM 603

Credit hours: 3

Description

This course examines the key financial skills necessary to manage sport organizations in both public and private settings. Emphasis will be placed on the different financial attributes of sport industry segment including recreational, amateur, and professional sports. It will also provide the students with an opportunity to explain the various financial challenges facing the sports industry and critically analyze several components. The goal of this course is to enable the students to evaluate and to solve problems involving sports financing and to effectively communicate their recommendations to others.

Course Name: Sport Facilities and Events Management

Course Code: MSM 604

Credit hours: 3

Description

This course examines fundamental skills necessary to manage different kinds of sport facilities and events and then extends that knowledge into the challenges of managing sport facilities and events. The course focuses on fundamentals of facility operations including programming, maintenance scheduling, risk management, environmental management and impact assessment. The latter part of the course builds on the facility management material by examining the ways that events fit into scheduling for facility use.

Course Name: Sport Law and Ethics

Course Code: MSM 605

Credit hours: 6

Description

This course is designed to provide an extensive overview of legal principles and ethical issues that apply to the sport industry and that impact the work setting of sport organizations. It begins with an introduction to the different fields of law and the broad issues related to sports law. The course also covers the role and application of ethics in the decision-making process.

Course Name: Sport Tourism

Course Code: MSM 611

Credit hours: 3

Description

This course is designed to provide an extensive overview of legal principles and ethical issues that apply to the sport industry and that impact the work setting of sport organizations. It begins with an introduction to the different fields of law and the broad issues related to sports law. The course also covers the role and application of ethics in the decision-making process.

Elective Courses:

Course Name: Sports Development and Policy

Course Code: MSM 607

Credit hours: 3

Pre-requisites: MSM 600

Description

The course deals with development of Sports and the various policies that govern the sport in the UAE, GCC and international levels. The management of Sports development and the development of Sports as a tool for human development is discussed. Sports development will be examined from a social construct and infrastructure development. The course discusses policies to develop Sports at a regional and international level.

Course Name: Sports Consumer Behavior

Course Code: MSM 608

Pre-requisites: MSM 601

Credit hours: 3

Description

The course deals with various consumer behavior factors that affect sports and events like consumer motivation, decision making, and how they influence sport marketing activities. It also deals with marketing strategies for sports awareness and attraction. The course also helps in preparing a functional guide to success in planning marketing actions and strategies that promote and deliver sports events.

Course Name: Sport Globalization

Course Code: MSM 609

Credit hours: 3

Description

The course is designed to provide an overview of the global sport industry including the global sport calendar and key organizations and actors. Managing, marketing, business and financial challenges of coordinating across borders and cultures is a key focus of the course. Additional topics include the localization of international sport and the relationships between sport and culture.

Course Name: Special Topics in Sport Management

Course Code:

Credit hours: 3 Course

Description

The course content will reflect the interest of the faculty members and current issues in the sport industry such as global challenges, contemporary issues, ethical issues confronting management, management in changing environment and management under crises. Topics will vary annually.

Course Name: Internship

Course Code: MSM 606

Credit hours: 3

Description

The course provides students with the opportunity to apply acquired learning in a practical field in addition to extending their learning in a contextualized and practice based environment. The purpose of the course is the synthesis, extension and practical based application of learned skills by field experience with a sport organization under the supervision of a faculty member to develop knowledge and skills in the application of sport management theory in a non-classroom setting.

Course Name: Sport Media and Communication

Course Code:

Credit hours: 3

Description

This course is designed to provide students with an overview of the sport media communication field. The course presents the sports writing, broadcasting, online media, advertising and video production, and examines the differences between content rooted in journalism and content rooted in organizational communication. The goal of the course is providing students with an opportunity to be exposed to the full range of sport media communication; including locating sport communication within the broader field of sport management and administration; different approaches and languages, lines of communication, personal and organizational aspects of sport communication; the various areas or segments of sport media; the services and support systems associated within sport media communication.

Course Name: Research Methods in Sport Management

Course Code: RMT 600

Credit hours: 3

Description

This course offers an introduction to research methods in sport so that students can have a sound understanding of research methods and how to critically interpret research findings within the context of sport. The students will learn the language and terminology related to every element of the sport business research process, from the fundamental 'what, why and who?'

questions, through research plans, literature review, qualitative and quantitative methods of data collection and data analysis, to the communication of research results. It will prepare students for conducting an independent study, starting with the development of the research proposal. The course has an applied orientation and students will develop basic research skills and knowledge to effectively use research in decision-making and solving organizational problems. The students will be trained in the use of key statistical packages such as SPSS and NVivo software programs. The course will emphasize the importance of the cross-cultural dimension in the design and execution of empirical studies relating to different aspects of sport business.

Course Name: Thesis

Course Code: MSM 610

Credit hours: 6

Description

Conducted under the supervision of a faculty member assigned as advisor, this work enables the students to develop a research paper on a chosen topic and prepare a report on the study conducted and its results. Emphasis will be given on methods of data collection and analysis, conclusions on the basis of the findings of the study and proper presentation of the study in a desired format.

College of Computer and Information Technology (CCIT)

Programs

- 1- Master in Knowledge Management

Program Goals

1. Fill the domestic and regional market necessity of competent specialists in the field.
2. Support contemporary and contextual research topics in the field
3. Establish a specialized Knowledge Management clinic that advances the region's knowledge and best practice
4. Enable graduates to perform effectively in the Knowledge and information professions.

Course Description

Core Courses:

Course Name: Information and Knowledge Management in the 21st Century

Course Code: KMI 600

Credits: 3

Description:

It was not till the late 1990's that Chief Executive Officers began discussing Knowledge Management. Since Knowledge Management as a practice is relatively young, many executives have struggled with successful models that could be used as guides. In this course, you will gain an understanding of several key issues that knowledge workers deal with. We will also review current trends in Knowledge Management including but not limited to: Organizational focus and investments in knowledge management.

A company's knowledge strategy and how it reflects the competitive strategy.

The role and impact of automation on knowledge workers. This course uses readings, case studies, personal projects and discussion to expose students to the field of Knowledge Management. The course introduces you to the historical roots, theories, beliefs and frameworks in the field of Knowledge Management. You will also learn to determine the infrastructure requirements to manage intellectual capital. Additionally, you will learn about the role and skill set of today's knowledge professionals.

Course Name: Knowledge Assessment and Evaluation

Course Code: KMI 601

Credits: 3

Description:

It would be very challenging to understand where an organization needs improvement without establishing a baseline. You learn the purpose of a knowledge assessment and evaluation through knowledge audit, mapping, and other various techniques. This includes the steps involved with identifying, evaluation and rating critical knowledge assets, process, and the various audit methods available, and how to audit and analyze a company's existing knowledge. You will understand and practically apply the formulation and planning, human, structural and relational capital mapping. You will build upon the foundation of Knowledge Management to apply knowledge principles and peer perspectives to current state as we begin developing knowledge strategy. You will then conduct a complete knowledge audit aimed at assessing the knowledge needs of your department /organization / institution. You will further understand the infrastructure requirements to manage the human, structural and relational capital at an organization/institution. Your assessment should follow a holistic approach and apply the principles of Knowledge

Management as they relate to enterprise wide information and knowledge services.

Course Name: Knowledge Discovery and Findability

Course Code: KMI 602

Credits: 3

Description:

Nowadays, we live in a world that incessantly generates colossal amount of data that are hard to digest and draw knowledge out of it. This is not confined to corporates, even individuals have their non-trivial share of generating streams of data by using smartphones, tables, laptops, watches, etc. This renders the process of discovering useful knowledge from the data a real challenge. In this course, you will learn how to use data mining techniques to uncover interesting patterns and meaningful insights that are often hidden beneath the surface. It covers several machine learning techniques that range from classification to various prediction methodologies. On top of the theoretical aspects, the course gives students the opportunity of hands-on experience by experimenting with empirical data sets to find intriguing patterns that the business can capitalize on.

Course Name: Collaboration and Social Networks

Course Code: KMI 603

Credits: 3

Description:

In this course, you will explore collaboration and communities of practice from a theoretical and practical perspective. This course will review personal networks and social networks, the natural lifecycle of communities and best practices for cultivating and sustaining communities. You will also gain extensive insight into the latest trends on the web and a range of methods from predictive analysis to social marketing. You will learn how to facilitate knowledge sharing and transfer within and across organizations. In the spirit of collaboration, this interactive course will provide you with opportunities to work in a group and participate in a peer review.

CourseName: Organizational Culture and Impacting Change

Course Code: KMI 605

Credits: 3

Description:

"Culture eats strategy for breakfast" - Peter Drucker

How do effective leaders influence organizations and individuals to move in a direction? How do knowledge managers shape individual behavior and drive adoption and engagement? Successful KM Leaders must work with Leaders to drive change. They are often the catalysts in initiatives towards operational excellence.

In this course you will gain theoretical and project based learning of organizational change and leadership styles that support change. You will gain an understanding of the complexities of work cultures and how they impact a knowledge organization. Culture impacts and influences the way people work, decision making, communities of practice and knowledge sharing. Then, you will explore change management strategies and tactics for different types of change, aligning stakeholders behind the vision and understanding and overcoming resistance to change.

You will gain practical skills in leading interventions, change management frameworks and maximizing opportunity,

measuring and realizing value throughout change initiatives aimed at making your organization more agile. Throughout this course, the objective will be to prepare Knowledge Management professionals to meet the challenges of organizational change successfully.

Elective Courses:

Course Name: Business Analytics and Strategic Intelligence

Course Code: KMI 604

Credits: 3

Description:

Information and data are growing at an exponential rate. Analytics allows us to explore science and human behavior. Businesses and governments require effective strategic intelligence to track competition and manage and disseminate knowledge. For example, Capital One Bank uses analytic capabilities to match credit card offerings to customers more accurately than their competitors. Walmart uses analytics to monitor and update its inventory in a way that allows it to serve its customers at an exceptionally low cost. Companies like Apple, Google, Amazon, Walmart, Netflix and many other leading-edge companies are highly successful because they make very good use of the data they collect. In this course, you will explore how to turn data into information and then into knowledge, which in turn translate into actionable insights. You will learn to identify and evaluate business analytic opportunities that can create strategic value for your organization. Additionally, you will learn basic analytic methods and analyze case studies on organizations and institutions that have successfully developed these techniques. Finally, you will review challenges that arise in implementing analytical capabilities and gain practical skills to help drive knowledge initiatives that enable organizations to be more data driven and impacting effectiveness.

Course Name: Building Effective KM Strategy and Services

Code: KMI 606

Credits: 3

Description:

There is no such thing as Knowledge Management; there are only knowledgeable people. Information only becomes knowledge in the hands of someone who knows what to do with it. Peter Drucker

This course will examine how knowledge services are designed, developed and implemented with sound governance and knowledge culture considerations. We will build on the knowledge audit that you developed in course KM 601- Knowledge Assessment and Evaluation. This course will draw on examples from various organizations on strategies for building a successful knowledge strategy and services for an organization or institution.

Course Name: Research Methodology

Course Code: KMI 608

Credits: 3

Description:

This course is designed to introduce to nature, scope and the significance of research methodology. The course includes primary and secondary research methods with application to specific problems. You will use methods that are employed in both qualitative and quantitative research methods for

individual investigation on current problems in knowledge management. You will complete an individual research proposal based on a topic in knowledge management, using the course's assigned textbooks and select peer reviewed sources.

Course Name: Enterprise Wide Application and Portfolio Project Management

Course Code: KMI 610

Credits: 3

Description:

In this course you will study introduction to enterprise wide applications such as intranets, content management systems, search and social media. The course will also explore Enterprise Resource Planning (ERP), Customer Relationship Management (CRM) and Enterprise Content Management (ECM) systems. Off the shelf systems are often expensive and very complex. Organizations must make decisions about whether to buy off the shelf systems or customize and adapt and in some cases, build from scratch. It is important for knowledge managers to understand the options, complexity of these systems and organizational goals.

In this course, you will examine case studies in this key area as well as feature guest speakers related to the digital workplace. You will further explore how CRM systems interact with other knowledge systems, roles and responsibilities. Additionally, you will gain insight into implementing single projects and portfolios of enterprise tools. By examining case studies on actual implementations of these key systems, you will have focused discussions on what these systems are, how they work and key Knowledge Management considerations. You will also work in a group combining individual projects to develop a roadmap for the implementation of an enterprise wide portfolio

Course Name: Knowledge Management Systems and Implementation

Course Code: KMI 612

Credits: 3

Description:

Today's complex systems often produce complex information needs that require new technical communication methods and tools. This course surveys Knowledge Management systems that enable the access of knowledge assets. There are several categories of Knowledge Management systems semantic networks, content management, groupware systems and KM 2.0, intranets, extranets, document management system, data warehousing systems. You will also look at implementation of a Knowledge Management system. The business and system issues associated with the analysis, design, construction, deployment, management and evaluation of Knowledge Management systems are addressed.

A Knowledge Management system can enable your business to make better decisions. A Knowledge Management system focuses on both explicit and tacit knowledge. Many publishers use content management systems (CMS) to constantly update web pages and properties with fresh content to engage web visitors. In your role as a knowledge professional, it is quite likely that you will be involved in the implementation of a new tool and it is important to think strategically about this tool and the enterprise architecture.

There is a growing need in the labor market for experts who with the ability to recognize and understand the needs of a

Knowledge Management system and skills to implementation and organize content in such a system.

You will use Knowledge Management technologies, review case studies and analyze knowledge processes and systems. Additionally, you will learn the implementation planning process of a knowledge system for an organization and the role of the Knowledge Management.

Course Name: Foundations of Document and Record Management

Course Code: KMI 613

Credits: 3

Description:

Knowledge of Document Management and Records Management are key processes for anyone working in Information Management. This course covers the principles and application of document management, records management and their associated systems. Student will examine principles, frameworks and the relationship with information policy and industry standards. The course will also introduce students to the records lifecycle, ensuring students can reconcile the physical and intellectual considerations related to curating, managing and preserving digital materials from a Knowledge Management perspective. With the growth of big data and internet records we will further explore how we manage social media, Web 2.0 and instant message records and also understand the role of knowledge managers in this key area.

The course will involve lectures, case studies and insight into key practices related to managing and procedural frameworks in implementing a document and records management solutions.

Course Name: Innovation – Ideas to Profitability

Course Code: KMI 615

Credits: 3

Description:

Gaining and sustaining competitive advantage in today's environment requires organizations and institutions know how to innovate. The ability to think creatively and turn ideas into action helps organizations stand apart from their competitors. As a Knowledge Management professional, it is important to foster innovation in knowledge initiatives. The goal of this course is to help develop your skills and teach you tools and techniques to create innovative products and services in your organization.

In this course, you will examine three main phases: exploring and discovery, executing and design and leveraging and renewing innovation through delivery. You will focus on developing new ways of thinking and opportunities to apply these ways of thinking through a course project and various class exercises.

During this course, you will go from idea to reality. Collectively, we will start with about 500-750 rough ideas and, through a variety of structured techniques, you and your smaller team will then refine them into approximately a dozen finished concepts. The purpose of this exercise is to give you a "live case" example of an innovation process that can be used to explore how to boost innovation in your organization. Additionally, throughout the course you will examine and learn through lectures, case analyses, visiting experts, relevant readings and student presentations.

Course Name: Information Architecture

Course Code: KMI 616

Credits: 3

Description:

Structuring online content is essential so that people can easily find what they are looking for. This course introduces you to concepts and practices in Information Architecture as well as basic elements of user experience design (UXD). Students will learn the broader context of Enterprise Architecture and develop practical skills to compare, analyze and design information architectures. The focus of Information Architecture is the structure and organization of content in an intranet, knowledge hub, website, mobile app, or other knowledge system with the goal of improved findability. Information Architecture is essential as it provides consistent taxonomies, metadata, search functionality and structured vocabulary with the user in mind. The course will have a group and individual component. For the group component, students will analyze a website from an Information Architecture perspective in a small group as well as conduct user research. For the individual component, you will select a target intranet or website for design, create the Information Architecture design and develop a presentation showing the process and workflows.

Capstone Track

Course Name: Capstone Project

Course Code: KMI 620

Credits: 3

Description:

The Capstone project provides student the opportunity to demonstrate mastery across the curriculum. You will be expected to apply your cumulative learning and experiences working on a real-world knowledge management challenge with a sponsor organization. It is intended to provide you with real value and is an opportunity to develop solutions and deepen your knowledge in the field of Knowledge Management. Our carefully selected capstone sponsors will benefit from research, analysis and insights from students and learned faculty and knowledge management professionals.

Course Name: Elective Course

Any elective course (3 Credit Hours)

Thesis Track

Thesis

Course Code: KMI 700

Credits: 6

Description:

This course and all prerequisite courses are required for the Masters in Knowledge Management. The purpose of this course is to complete all required courses culminating your experience in the Masters of Knowledge Management program and validating them as a practitioner. This course requires detailed research and practical application demonstrating critical thinking and uses the knowledge you have acquired during the program. This course is only offered after all your core classes have been completed

College of Security and Global Studies (CSGS)

Programs

- 1- Master of Arts in Diplomacy
- 2- Master of Arts in Security and Strategic Studies
- 3- Master in Security Studies and Information Analysis

Program Goals

Master of Art in Diplomacy

1. Provide students with an in-depth knowledge in diplomatic relations in their profession and in the international relations.
2. Enable students to achieve skills in professional and international negotiations and diplomacy
3. Prepare students for pursuing higher education in diplomacy and international relations

Master of Arts in Security Strategic Studies

1. To provide educational opportunities to students at the graduate level through a carefully planned and implemented program of study.
2. To provide students with instruction of both theoretical and practical aspects of security studies.
3. To provide and maintain learning resources and environment conducive for graduate students' learning, scholarly research, and quality teaching.
4. To recruit, rethink and promote professional development of qualified faculty and students.
5. To maintain periodic evolution to ensure that the program is operating within the international norms and standards

Master in Security Studies and Information Analysis

1. Synthesize the theory, history, and contributions of the discipline of intelligence for national and international security.
2. Contextualize the principles of Intelligence and Strategic Studies to: evaluate emerging intelligence and security threats; inform their response; and scaffold their leadership of policy evaluation and efficacy.
3. Apply critical thinking and innovative problem-solving skills to threat assessment and threat resolution.
4. Possess the skills to facilitate and manage intelligence structures, functions, processes and practices in the UAE and GCC context.
5. Appraise collected data/information using a variety of analytic techniques and methodologies to produce original and advanced research in the intelligence and security field.

Course Description

Master of Arts in Diplomacy

Bridging Courses:

Course Name: International Relations since 1945

Course Code: DIP 500

Credit hours: 2

Description:

This course examines the evolution of the international relations since WWII with emphasis on the Middle East. Although the victors of the war organized a new international system, the Cold War (1947-1990) represented a major threat on the world peace. The Middle East was not immune to the tensions between the two superpowers.

Course Name: The World today

Course Code: DIP 501

Credit hours: 2

Description:

This class focuses on the current world affairs. It combines structural (such as demographics or environment) and conjunctural (ongoing tensions and conflicts) issues. Case studies will be selected by the instructor.

Core Courses:

Course Name: The Art of Diplomatic Negotiations

Course Code: DIP 600

Credit hours: 3

Description:

This course acquaints graduate students with negotiation, mediation, and good offices techniques in diverse settings. Attention is given to different styles of negotiation, different phases in the negotiation process, and to the negotiating environment. This course aims to develop conflict resolution theory, peacekeeping and peace building. It focuses on threats, opportunities and strategies that cover the many dimensions of change since the end of the cold war. In addition, this course discusses the importance of communication skills, persuasion, and cultural differences.

Course Name: Diplomacy in the Gulf States

Course Code: DIP 601

Credit hours: 3

Description:

This course focuses on Gulf states (UAE, Bahrain, Saudi Arabia, Oman, Qatar, and Kuwait) with regards to major issues in the world, mainly Oil, Gas, the situation in Iraq, Afghanistan, Palestine, terrorism, relation with the U.S, the E.U, China and Russia; ties with Iran, and the dynamics of the GCC.

Course Name: Research and writing in Diplomacy

Course Code: DIP 602

Credit hours: 3

Description:

This course enable students to comprehend and become critically aware of the specific scientific methods, concepts and theories in their field of studies. This course provides students with advance skills to design, conduct and publish research projects that address current challenges to international and national security, yet maintain standards of scientific inquiry. Upon completing the course students will be able to identify and implement proper ways to address and conduct research in the field of study and prepare them to publish the results of scientific inquiry in the form of MA level research project or article; prepare a comprehensive research project that bridges theoretical and academic perspectives.

Course Name: Theories of International Relations

Course Code: DIP 603

Credit hours: 3

Description:

This is a theoretical course where students will learn about various types, forms, evolutions, historical roots and underpinnings of different theories with analyzing issues and events of global politics. Theories of International Relations explains all major theories used in IR; both modern and contemporary. Students will debate and discuss the methods, approaches, paradigms in IR theory and their use and applications in understanding foreign policy, global conflict, wars on terrorism, search for peace and so on.

Elective Courses:

Course Name: Intercultural Communication

Course Code: DIP 604

Credit hours: 3

Description:

This course examines the communication processes involved when individuals or groups from different cultures or subcultures attempt to interact. The course addresses possible sources of misunderstandings in intercultural communication, (e.g., time/space factors, linguistic and nonverbal factors, and ethnocentric communication) along with communication problems encountered by persons engaged in personal or professional intercultural contacts. The course also analyzes the communication concepts through theoretical and methodological tools in order to develop an intellectual and ethically informed sense of self-awareness in relation to the outside world. Given the professional orientation and career specialization of most students in the College of Media and Mass Communication towards either Diplomacy, or Media, or Radio and TV, this course puts special emphasis on a combination of everyday as well as workplace applicability of its concepts and insights. During and ever increasingly towards the end of this course, students should feel enabled and empowered to handle situations, issues and challenges of intercultural communication and

interaction on a personal and group level, and in all kinds of straightforward as well as complex settings. This practical and professional focus accounts for some slightly more “managerial” choice of material and readings (for instance the second main textbook used). To provide humanistic, cultural and communicative depth and breadth, literature and film elements are supplied in the classroom, further readings, and audiovisuals.

Course Name: International Law and Diplomacy

Course Code: DIP 605

Credit hours: 3

Description:

This course examines the different aspects of International Law and its application in Diplomacy. It will reflect on the primary issues of public International Law, inclusive of the decision-making process within the United Nations (UN). It will unravel an understanding of what is required of diplomats for their effective participation in developing principles. The course also introduces students to international criminal tribunals, international human rights, current challenges to human rights, nature of state sovereignty and protection of human rights. It will also examine the significance of advocating inter-regional, national, and international ideas at international forums.

Course Name: Diplomacy and Security

Course Code: DIP 606

Course Pre-requisites: 15Cr. Hrs

Credit hours: 3

Description:

This course examines the various facets of the dynamics of Intelligence and National Security. It investigates the evolution of intelligence and the international intelligence community. It will provide adequate knowledge about the relationship between military force, international security, military organizations and diplomacy. It also focuses on international relations issues of importance, such as: nuclear politics, war, secret intelligence, economic integration and political fragmentation. This political development has been accompanied by civil war, terrorism, use of force, instability, and occupation. All of these mentioned variables play an important role in shaping international relations. This course will also deal with diplomacy and statecraft emphasizing economic, demographic and environmental issues.

Course Name: International Political Economy

Course Code: DIP 607

Credit hours: 3

Description:

This graduate level course on International Political Economy assesses various aspects and politics of international economic relations at the global level and their interactions. Students will learn, debate, discuss and critically analyze major theories and perspectives used in the field as well as the issues and challenges of international trade, finance and development. The course will also debate and analyze such important topics as foreign aid, foreign debt, international finance, foreign

direct investment, MNCs as well as issues and challenges of global financial crisis and developmental issues. Furthermore, it will analyze the issues and challenges related to international trade, trade theories, trade finance. We will explore and examine the causes and reasons of financial crises in world economy, their causes and devastating impacts particularly on developing countries. Issues like, foreign investments, international monetary affairs, foreign aid, globalization, and protection of environment will also be debated and analyzed in the class.

Course Name: Regional and International Organizations

Course Code: DIP 608

Credit hours: 3

Description:

This course will introduce students with laws, principles, philosophies and ideologies of the creations of multiple organizations worldwide and their broader roles and impacts in world politics. This course will explore and analyze international and regional organizations, their process of formations, goals, objectives and activities from liberal institutionalist perspectives. The roles and places of regional and international organizations in resolving global and regional conflicts will also be analyzed in the course. The course will deal with all types and levels of organizations, global, regional, economic, political, security, environmental and so on. Issues and questions of authority, enforcement and legitimacy of international and regional organizations will also be discussed and analyzed here. International and regional organizations will be studied, explained and analyzed from historical, ideological and comparative perspectives.

Course Name: Diplomacy Service and Practices

Course Code: DIP 609

Credit hours: 3

Description:

This course has both theoretical as well as practical orientations where students will learn, debate, discuss and analyze the history of diplomacy, its emergence, overtime growth and change and evolution in process and practices. Students will learn about various types and stages of diplomacy; ancient, medieval and modern and their respective values, characteristics, protocols and practices. A course will emphasize on various laws, charters, agreements, documents, and protocols that confirmed and legalized many of the rules, regulations and procedures that guide the activities of today's diplomats. The ever-changing nature of diplomatic protocols, ceremonial and etiquette will also be discussed, debated and practiced in the class so that students will have practical experience and will be familiar with diplomatic culture, values and traditions of different peoples and nations. The trends of future directions in diplomacy and diplomatic services will also be discussed and debated in the class.

Course Name: Economic Diplomacy

Course Code: DIP 610

Credit hours: 3

Description:

This is a theoretical course where the students will study, debate, discuss and analyze the new and emerging phenomena of economic aspects of diplomacy which is qualitatively different from traditional diplomacy. It documents the transformation of economic diplomacy in the 1990s and early 2000s in response to the end of the Cold War, the advance of globalization and the growing influence of non-state actors like private business and civil society. This course debate and analyze the historical, philosophical as well practical roots and causes for the emergence of the field. The focus will be on the NICs and other south-East Asian countries that spearheaded this changes and revolutions which eventually adopted by other countries with various degrees and intensity. It Discusses some major powerful organizations and Blocks, like the G-7, G-20, EU, BRICS, ASEAN, AU and other, shifting from political, security to economy, trade and investments.

Course Name: Foreign Policy Analysis

Course Code: DIP 611

Credit hours: 3

Description:

This course is an exploration of foreign policy processes, actors, theories and cases. In doing so, the primary purpose of this course is to introduce students to the skills associated with foreign policy analysis and evaluation. Theories and analytical applied in this course are derived from the classical “levels of analysis” and empirical approaches to analysis. The course will include a variety of theoretical and policy discussions which shall aim to prepare the student for the case study method. In best of cases, students will be placed in decision-making situations drawn from historical events. These cases will enable students to learn about decision-making in foreign policy and to understand the pressure that they will be exposed to them when in leading positions.

Course Name: Public Diplomacy

Course Code: DIP 612

Credit hours: 3

Description:

This class intends to explain what public diplomacy is and to equip the students with the soft skills that they would need in this field. The main objective of this course is to influence the main state and non-state actors to serve one state’s interests but the ways to achieve this goal are diverse. The combination of actors, let alone the public opinions, the diversity of means from the traditional exchanges between diplomats to the new technologies allows to create formal and informal networks. Against changing backdrops, the choice of actors and means determines strategies that could be analyzed and assessed.

Course Name: Politics of Sustainable Energy

Course Code: DIP 613

Credit hours: 3

Description:

This course provides students with a comprehensive understanding of the crucial role of energy in our society, contrasting benefits and drawbacks of each main energy source, and the environmental, social and economic

aspects of energy use especially alternative energy sources, with the overall aim to preserve the energy needs and protect our environment, while discussing the energy policies and strategies, and the environmental and sustainability implications from renewable to non-renewable forms of energy. As for environmental sustainability, basic principles of ecosystem ecology will be developed, such as factors that control fluxes and stocks of carbon, water and nutrients within terrestrial ecosystems, up to human-induced climate change. The course will enable students to gain experience in the research and analysis of specific cases they select for more detailed study. Students will participate in discussion of issues raised from the readings and other resources. The course analyzes the current main energy and sustainability concepts and ideas through theoretical and methodological tools to develop an ability to understand and practically handle them in the outside world. Given the professional orientation and career specialization of most students in the College of Media and Mass Communication towards either Diplomacy, or Media, or Radio and TV, this course puts special emphasis on a combination of everyday as well as workplace applicability of energy and sustainability concepts and insights. During and ever increasingly towards the end of this course, students should feel enabled and empowered to handle situations, issues and challenges of energy and sustainability analysis and application on a personal and group level, and in all kinds of straightforward as well as complex settings. For practical purposes, and to prepare the students for scholarly engagement with energy and sustainability issues, and to demonstrate that those issues occur on a daily basis in a vast variety of situations and scenarios, the educational resources and reading material contain many recent news articles

Course Name: Comparative Politics

Course Code: DIP 614

Credit hours: 3

Description:

This course studies the political systems of Nation States, providing the opportunity to examine the features of individual political systems and to investigate the similarities and differences among political systems. Comparative Politics attempts to analyze and explain its findings through the methods of comparative study.

Course Name: Culture Diplomacy

Course Code: DIP 615

Credit hours: 3 Course

Description:

This course provides students with a required and desirable cultural background for any career in diplomacy or international organizations, with a specific focus on sources and knowledge directly related to the practice and daily life of a cultural diplomacy. For instance, historical or cultural contexts are chosen for immediate diplomatic relevance (such as the famous 1533 portrait of historical, real-life diplomats in Holbein’s The Ambassadors. Towards the end of this course, students shall handle references of cultural life as far as directly related to their professional demands and challenges in

an intelligible, convincing and if possible even inspiring way, respecting the need and often the wish of representatives from other nations and cultures to engage with diplomats not only on an officiously professional but also cultural personal level.

Course Name: **Ethics and International Relations**

Course Code: **DIP 616**

Credit hours: **3**

Description:

This course acquaints students with the ethical questions involved in areas of conflict, resource distribution, trade, human rights, peace, and conflict resolution in the international context. The course will enable students to gain experience in the research and analysis of specific cases they select for more detailed study. Students will also participate in discussion of issues raised from the readings and other resources. This course analyzes the current and historical main ethical concepts and ideas through theoretical and methodological tools in order to develop an intellectual and ethically informed sense of self-awareness in relation to the outside world.

Course Name: **Special Topics in Diplomacy**

Course Code: **DIP 617**

Course Pre-requisites: **24 Cr. Hr**

Credit hours: **6**

Description:

This is a specialized and open-ended course where the topics and subject areas for debate and discussion will be mainly on the basis of students' interests and priorities as well as the Instructor's expertise and specializations.

Master of Arts in Security and Strategic Studies

Core Courses:

Course Name: **International Security and Strategic Studies**

Course Code: **MSS 600**

Credit hours: **3**

Description:

This course introduces the students to the realm of security and strategic studies. This course adopts a multi-disciplinary approach, to examine in depth the concepts of strategy and security and, in addition, determine the current and prospective challenges in security, strategy and intelligence. This course intends to unite theory with practice and, therefore, apply the concepts of security and strategy (e.g. the interplay between state and non-state actors or the new face of transnational terrorism); increase the practical awareness of the students about the diverse strategies available to achieve any policy objectives with regards to security and strategy.

Course Name: **Crisis Management Communications**

Course Code: **MSS 601**

Credit hours: **3**

Description:

Although a list of special topics on diplomacy are listed in the course, those may be changed and modified depending on the instructor and students. This course will also focus on inviting special guests in areas of diplomacy and other related fields and learn from their expertise and field experiences. The main goals and objectives of the course are to provide students with knowledge and experience on specific issues and events of diplomacy, skills and competence in generalizing the finding of those cases and finally to use and implement them.

Course Name: **Thesis**

Course Code: **DIP 621**

Credit hours: **6**

Description:

The Master's thesis in Diplomacy functions as the closing part of the study. It is meant to stimulate students in acquiring and in-depth knowledge and insight in a specific subject of interest to the students. The emphasis lies in the critical choice of method, in the creation of a relevant theoretical frame of reference, and in the extensive analysis of the theoretical and empirical material in which the students will contribute to the literature in a chosen field of interest. The methodology discussions must be clearly connected to the chosen area and well-integrated as a harmonized unity. The length of the Master's thesis typically ranges from 40 to 60 pages. An evaluation and assessment of the MA thesis will be conducted by the concerned supervisor or by another member of the program faculties. The thesis should be marked by the supervisor and reviewed by the external examiners.

This course focuses on the conception, development and execution of the crisis communications programs for businesses and organizations – including, inter alia, public relations techniques for communication with stakeholders amidst a crisis.

Course Name: **Homeland Security**

Course Code: **MSS 602**

Credit hours: **3**

Description:

This course intends to acquaint the students with the concept of homeland security and the issues with regards to this concept: the actors, institutions and processes involved in homeland security, the man-made and natural threats to homeland security and, last but not least, the scholarly and policy debates about homeland security (i.e. the legal framework, the practical challenges such as the use of finite manpower and financial resources and the political processes and cultures in each case).

Course Name: **Research in Security and Strategic Studies**

Course Code: **MSS 603**

Credit hours: **3**

Description:

This course enable students to comprehend and become critically aware of the specific scientific methods, concepts and theories in their field of studies. This course provides students with advance skills to design, conduct

and publish research projects that address current challenges to international and national security, yet maintain standards of scientific inquiry. Upon completing the course students will be able to identify and implement proper ways to address and conduct research in the field of study and prepare them to publish the results of scientific inquiry in the form of MA level research project or article; prepare a comprehensive research project that bridges theoretical and academic perspectives.

Course Name: Sustainability, Growth and National Security

Course Code: MSS 604

Credit hours: 3

Description:

The Sustainability, Growth and National Security course analyzes the interconnection among military and nonmilitary dimensions of national security, namely the interlinkage among policies and strategies aiming at sustainable growth and national security. Emphasis will be given on the sustainability dimension of economy and growth in relation to national security. Thus, the course will address issues including the need to diversify economy, especially in the case of the GCC states. In an era when many states face ballooning deficits, austerity measures, and increased financial globalization, understanding the relationship between sustainable growth and national security is more important than ever. The same is the case for countries whose economy is heavily dependent on oil, such as the case of the GCC states, whereby diversification of the economy and sustainable growth is indispensably related to national security and national interest. Related strategies and policy initiatives and measures in the GCC countries and UAE, will be evaluated and possible contributions will be considered.

Course Name: International Law and Security

Course Code: MSS 608

Credit hours: 3

Description:

The Sustainability, Growth and National Security course analyzes the interconnection among military and nonmilitary dimensions of national security, namely the interlinkage among policies and strategies aiming at sustainable growth and national security. Emphasis will be given on the sustainability dimension of economy and growth in relation to national security. Thus, the course will address issues including the need to diversify economy, especially in the case of the GCC states. In an era when many states face ballooning deficits, austerity measures, and increased financial globalization, understanding the relationship between sustainable growth and national security is more important than ever. The same is the case for countries whose economy is heavily dependent on oil, such as the case of the GCC states, whereby diversification of the economy and sustainable growth is indispensably related to national security and national interest. Related strategies and policy initiatives and measures in the GCC countries and

UAE, will be evaluated and possible contributions will be considered.

Elective Courses:

Course Name: Special Topics in the Middle East Security

Course Code: MSS 605

Credit hours: 3

Description:

This course provides valuable insights into the security and politics of the Middle East – one of the most volatile regions in the world. This course examines in depth various key themes (such as democratization, radicalization, economic instability, nationalism, pan-Arabism, ethnic conflict and political Islam) and analyzes in a critical way the current crises and conflicts in the Middle East.

Course Name: Diplomacy and the Use of Force

Course Code: MSS 606

Credit hours: 3

Description:

This course examines the intricate relationship between diplomacy and the use of force in a critical and practical way. In particular, this course will demonstrate (through lectures and specialised assignments) that diplomacy is an integral element of strategy in both war and peace and, in addition, examine how diplomacy can end a war / crisis or even avert one. In other words, this course aspires to offer the students both the knowledge about the interplay of diplomacy and military force and the practical tools to interpret, assess and implement in policy-making the various processes for the resolution of crises and conflicts through diplomacy.

Course Name: Contemporary Issues in Foreign Policy

Course Code: MSS 607

Credit hours: 3

Description:

This course is designed to introduce the students to the diverse and complex world order of the 21st century. Therefore, this course intends to determine the utility of foreign policy in security or strategic affairs and, in particular, evaluate the utility of the two instruments of foreign policy (negotiation and mitigation) for security or strategic issues. Similarly, the course interprets the objectives and prospects of contemporary foreign policy and examines the causes of war and peace, the security threats and challenges and the various manifestations of foreign policy (from military alliances to external armed interventions).

Course Name: Intelligence and Security

Course Code: MASI 600

Credit hours: 3

Description:

This course examines the history, principles, functions and methods used in collecting intelligence information. The main emphasis in this course is placed on the collection, analysis, interpretation and the use of intelligence. This course also recognizes and explores the evolving intersection between intelligence and national security. Students will use this course to build on the

concepts presented to advance their understanding of and ability to conduct research within the field of study.

Course Name: **Management of Critical Infrastructures**

Course Code:

Credit hours: **3**

Description:

The course will appraise Critical infrastructures as a constituent of national security and a component of international security. Also, the course addresses issues including normative order of critical infrastructure and its protection, creating priority inventories of critical infrastructure vulnerability, resistance and redundancy as well as evaluation of scenarios and threat analysis with uncertain impact on reaching the goals of critical infrastructure.

Course Name: **Terrorism and Organized Crime**

Course Code:

Credit hours: **6**

Description:

The aim of the course is to provide students with comprehensive, highly specialized knowledge about Terrorism and Organized Crime as both an asymmetrical form of War and a strategy used in different social and political movements ever since. Students will become critically aware of new knowledge and procedures in organized crime and its connection with terrorism. They will acquire comprehensive understanding of the basic forms of modern organized crime and will formulate judgments about its security dimension.

Course Name: **Internship**

Course Code: **MSS 620**

Credit hours: **6**

Description:

This course represents a unique opportunity for students to apply in practice the information and skills obtained during the course of this program of studies on security and strategy. After the completion of the program's taught courses, the students are required to undertake the internship to complete the program's practical aspect. By serving as interns in organizations and/or institutions (specially selected on their ability to provide specialized training in the field of security and strategic studies), the students will develop or enhance their professional skills in the real security and/or strategic world.

Course Name: **Thesis**

Course Code: **MSS 630**

Credit hours: **6**

Description:

The thesis amounts to a research-based demonstration of a student's mastery in a specialized topic within the field of Security and Strategic Studies (at level 9 of the National Qualifications Framework of the UAE) and should meet the required CLOs of the course but also meet the requirements of the Program (PLOs). The thesis should offer original scientific work (through quantitative and qualitative research) and methodology. Apply theory with practice in the field of Security and Strategic studies through an inter-disciplinary and critical thinking way. The thesis abides by the policy procedures of the ORA Thesis Manual of the AUE. The Thesis is individually supervised by faculty. The topics are based on the research interests of the student, the faculty and the specialization of the faculty

Master in Security Studies and Information Analysis

Core Courses:

Course Name: *Intelligence and Security*

Course Code: MASI 600

Credit hours: 3

Description:

This course examines the history, principles, functions and methods used in collecting intelligence information. The main emphasis in this course is placed on the collection, analysis, interpretation and the use of intelligence. This course also recognizes and explores the evolving intersection between intelligence and national security. Students will use this course to build on the concepts presented to advance their understanding of and ability to conduct research within the field of study.

Course Name: *Issues in Intelligence*

Course Code: MASI 601

Credit hours: 3

Description:

This course will examine the recent developments and changes in intelligence systems and assesses the different ways in which persistent and emerging issues in the field are discussed and implemented in achieving policy objectives of the Nation-States. This course also recognizes and explores the evolving intersection between intelligence and national security.

Course Name: *Intelligence Analysis*

Course Code: MASI 602

Credit hours: 3

Description:

This course examines the intelligence gathering process of both foreign and domestic states, with an emphasis upon analytic procedures for protection and prevention against terrorism, terrorist groups, transnational crime, organized crime, and other threats to personal and public safety. In this regard, the course will review the strengths and weaknesses of traditional and non-traditional methods of intelligence gathering.

Course Name: *Security, Strategic Works and Intelligence*

Course Code: MASI 603

Credit hours: 3

Description:

This course is the base for the program. It introduces the fundamentals of the specialization of intelligence and security. It builds upon MASI 600 and MASI 601 and refines the understanding of the subject matter. The course prepares students for subsequent core and elective courses, including thesis. It establishes parameters of the discipline of security and intelligence. The course presents the main issues related to national and international security with conventional and unconventional threats to security and intelligence. It explores the central and critical significance of intelligence and counter intelligence among others. The course distinguishes emerging trends of security threats such as environmental security, cyber warfare, food security, energy security and human and drug trafficking and economic security issues.

Course Name: *The Origins of Conflict, Wars and Contemporary Threats to National and International Security*

Course Code: MASI 604

Credit hours: 3

Description:

The course introduces and examines origins of conflict, wars and contemporary threats to national and international security and intelligence. It builds upon the completion of MASI 602 and MASI 603. The course prepares students for subsequent core and elective courses, including thesis. Classical forms of threats to security are explained, described and analyzed. Topics among others, include causes of war and conflict, the value of security, between nations and contemporary threats to national and international security from the Cold War onwards. The course uses historical lessons learned, to explore and analyze issues of contemporary national, international security. Root causes, elements and cases of symmetrical and asymmetrical threats of security will be explored, explained and analyzed.

Course Name: *Research Methods in Intelligence and Security Studies*

Course Code: MASI 605

Credit hours: 3

Description:

This course enable students to comprehend and become critically aware of the specific scientific methods, concepts and theories in their field of studies. This course provides students with advance skills to design, conduct and publish research projects that address current challenges to international and national security, yet maintain standards of scientific inquiry. Upon completing the course students will be able to identify and implement proper ways to address and conduct research in the field of study and prepare them to publish the results of scientific inquiry in the form of MA level research project or article; prepare a comprehensive research project that bridges theoretical and academic perspectives.

Course Name: *Homeland Security*

Course Code: MASI 606

Credit hours: 3

Description:

This course intends to acquaint the students with the concept of homeland security and the issues with regards to this concept: the actors, institutions and processes involved in homeland security, the man-made and natural threats to homeland security and, last but not least, the scholarly and policy debates about homeland security (i.e. the legal framework, the practical challenges such as the use of finite manpower and financial resources and the political processes and cultures in each case).

Elective Courses:

Course Name: *Intelligence and Strategic Intelligence: The Role of Internal Security Organizations*

Course Code: MASI 607

Credit hours: 3

Description:

The course examines and interprets intelligence and strategic intelligence. It builds upon the completion of MASI 600, MASI 601, MASI 602, MASI 603. Upon completion of the current course, with all required elective courses, it will lead to the

thesis. The course explores the role of internal security organizations within a GCC and MENA perspective as a function of and component of the intelligence and national security apparatus. In this regard the main concepts and theories will be explained; such as the content of intelligence and the threats revealed in the information. Naturally, the most important aspects will be the assessment, evaluation, interpretation and extrapolation of the information gathered from different sources. In particular, the course focuses on strategic intelligence related to the concept of tactical intelligence.

Course Name: **The Information Revolution and Cyber Warfare**

Course Code: **MASI 608**

Credit hours: **3**

Description:

The course examines the information revolution and cyber-warfare, in relation to issues of Security and Intelligence. It builds upon the completion of MASI 600, MASI 601, MASI 602, MASI 603. Along with other elective courses, it will lead to development of a thesis. The course, examines, analyzes and assesses the creation of cyber-space, 21st Century Information Revolution and the threat of Cyber-Warfare in the framework of security and intelligence.

Course Name: **Internal Security Strategies**

Course Code: **MASI 609**

Credit hours: **3**

Description:

The course analyzes, examines, and assesses internal security strategies employed by the GCC and MENA countries. It builds upon the completion of MASI 603 and MASI 604. Upon completion of the current course, with all required elective courses, it will lead to the thesis. The course provides a robust examination, analysis and solution development through effective security and intelligence led strategies, to counter and prevent threats and counter challenges. The course also utilizes comparative analysis of the strategies utilized by other countries outside of the MENA region to find examples appropriate to adoption.

Course Name: **Critical Infrastructure Protection**

Course Code: **MASI 610**

Credit hours: **3**

Description:

The course examines, analyzes, conceptualizes, develops and reflects on the fundamental principles and policies of critical infrastructure protection (CIP) in security and intelligence. It builds upon the completion of MASI 600, MASI 601, MASI 602, MASI 603. Upon completion of the current course, with all required elective courses, it will lead to the thesis. The course focuses on specialized cases; assessment and evaluation of GCC CIP associated with the Intelligence and Security entities; and examines measures and policies in the field of security and intelligence through utilization of an interdisciplinary approach to subjects of regional, national and international concern to the importance of CIP to the citizen and for national resilience.

Course Name: **Irregular Warfare: Strategy and Operational Responses**

Course Code: **MASI 611**

Credit hours: **3**

Description:

The course examines irregular warfare strategy and evaluates operational responses, from the perspective of security and intelligence. . It builds upon the completion of MASI 600, MASI 601, MASI 602, MASI 603. Upon completion of the current course, with all required elective courses, it will lead to the thesis. The course grasps on the challenges of operational deployment and response to counter insurgency and terrorism.

Course Name: **Dynamics of Terrorism and Counterterrorism**

Course Code: **MASI 612**

Credit hours: **3**

Description:

This course examines the dynamics of terrorism and counter-terrorism in the specialization of security and intelligence. It builds upon the completion of MASI 600, MASI 601, MASI 602, MASI 603. The course analyzes, examines and evaluates from the historical and strategic development of terrorism to current and future methods of countering extremism and terror groups. For those students studying terrorism and counterterrorism as components of their thesis, this course provides a foundation for conducting thesis level research. Upon completion of the current course, with all required elective courses, it will lead to the thesis.

Course Name: **Environmental Security**

Course Code: **MASI 613**

Credit hours: **3**

Description:

The importance of Environmental Security in the GCC and the relation it holds to the field of security and intelligence are important concepts for long term strategic planning. Therefore, this course builds upon the foundation provided by MASI 603, MASI 604. This course examines demographic changes, climate change, and scarcity of resources, among others, are examined as elements of concern for strategic planners. This course is multidisciplinary. It examines and analyzes environmental factors from the perspective of security and intelligence agencies. Upon completion of the current course, with all required elective courses, it will lead to the thesis.

Course Name: **Current Issues in Security and Intelligence**

Course Code: **MASI 614**

Credit hours: **3**

Description:

The course examines current issues in security and intelligence. Thus, building on the foundation established by core courses in the program, it will vary and fluctuate with the altering landscape of our changing world. This course it equips students with critical assessment skills, applied to contemporary issues in security and intelligence. How they are formulated and executed as strategically and tactically. It provides a panoramic view of nation-states interactions. The course assesses the important variables that play a part in contemporary global security and intelligence. The research and presentations performed as component assessments within this course contribute to student preparation for the thesis process. Upon completion of the current course, with all required elective courses, it will lead to the thesis.

Course Name: Leadership and Security, Strategy and Intelligence**Course Code: MASI 615****Credit hours: 3****Description:**

This course explores, analyzes, and examines elements of leadership in security and intelligence agencies. It evaluates and reflects on strategic leadership and strategic management. It builds upon the core courses, in particular MASI 603. Upon completion of the current course, with all required elective courses, it will lead to the thesis. This course concentrates on options and choices but also opportunities. How are decisions taken considering that some security and intelligence decisions about international affairs need to meet the national interests and continue to balance alliances. This course offers those students looking at administrative organizations as a part or focus of their thesis with the necessary grounding to move into the thesis process.

Course Name: Thesis**Course Code: MASI 621****Credit hours: 3****Description:**

The Thesis is an individual research study in the field of security and intelligence. It builds upon the completion of successful courses of 30 credit hours. The Thesis is a mandatory component of the degree. The field of Intelligence and Security requires research innovation; therefore, the use of qualitative, quantitative, and comparative research approaches is expected to be applied to a topic of the student's choice. A clear identification of lessons learned and recommendations will be incorporated into every thesis. The thesis must be original. It should contribute to the discipline areas of intelligence and security. The topic of the Thesis will be set with the assistance of an academic supervisor that will be assigned based on his/her specialization as it relates to the student's proposed topic of study. The Thesis will require verbal public defense as part of the assessment and part of the fulfillment of the class. All students should refer to the CSGS Thesis Guide for reference and the Office of the Research and Advancement Publications (ORA) as leading Manual

College of Law (CLAW)

Programs

- 1- Master in Arbitration
- 2- Master in Criminal Science
- 3- Master in Intellectual Property
- 4- Professional Master in Sports Law

Programs Goals

Master in Arbitration

- 1- Meeting needs of the local and regional market for experts and specialists in the various fields of Arbitration.
- 2- Developing the scientific research in the field of Arbitration in accordance with the legal rules valid in UAE through supporting the Master's theses, and emphasizing on comparative analytical studies.
- 3- Establishing a legal center specialized in Gulf legal studies in the field of Arbitration to contribute to preparation of Master's students in this field.
- 4- Supporting the field of Arbitration and making the academic program as the axis of the Arbitration development in UAE and GCC countries through providing consultations, holding academic and occupational conferences for the stakeholders within the social service framework.

Master of Criminal Sciences

- 1- Meeting needs of the local and regional market for experts and specialists in the various fields of criminal sciences.
- 2- Developing scientific research in the field of criminal sciences in accordance with the effective legal rules in UAE through supporting the Master's theses, and emphasizing on comparative analytic studies.
- 3- Establishing a legal center specialized in Gulf legal studies in the field of criminal sciences to contribute in preparation of Master's students in this field.
- 4- Supporting the criminal sciences and making the academic program as the axis of the criminal sciences development in UAE and GCC countries through providing

consultations, holding academic and occupational conferences for the stakeholders within the social service framework.

Master in Intellectual Property

1. Meeting needs of the local and regional market from experts and specialists in the various fields of intellectual property.
2. Developing scientific research in the field of intellectual property in accordance with the legal rules valid in UAE through supporting Master's theses, and emphasizing on comparative analytical studies.
3. Establishing a legal center specialized in Gulf legal studies in the field of intellectual property to contribute to preparation of Master's students in this field.
4. Supporting the protection of intellectual property and making the academic program as the axis of the intellectual property development in the UAE and GCC countries through providing consultations, holding academic and occupational conferences for the stakeholders within the social service framework.

Professional Masters in Sports Law

1. To provide the graduates of Professional Masters in the Sports Law all legal cultures with a specialization in the field of sports through which the graduate can face the local, Arab and global market through a series of scientific studies and advanced theory.
2. Providing the UAE and Arab society with a group of legal competencies in the field of sports capable of giving and perform in an institutional excellence manner through an integrated study of all sports- related contemporary issues.
3. Conducting studies with legislative comparison between the GCC, Arab and international sports regulations and laws, with the implementation of all successful experiences and benefiting from various applications thereof.
4. Attempt to develop all the scientific capabilities and the skills of scientific research for the student in the professional masters of sports law in order to provide a graduate who is capable of solving all scientific and research problems related to contemporary sports issues.
5. Provide the community with graduates able to make a change in the leadership processes and the formulation of sports regulations, rules and legislation in a manner consistent with international rules and national sovereignty.

Students who are not interested in pursuing the thesis, may opt for two additional elective courses in lieu of the thesis track, However, those who are pursuing the non-thesis track shall pass the comprehensive exit exam as part of their graduation requirements.

The Master's thesis shall be 6 credit hours for those who choose the thesis track. For those who choose the graduation project track, it shall be 3 credit hours and shall choose an elective course. Therefore, the requirements for completion of Master's degree shall be 36 credit hours.

Course Description

Master in Arbitration

Arbitration Agreement LAR 600: This course includes an in-depth study of the most important international conventions in the field of arbitration, such as the UNCITRAL Agreement, the Model Law, and Washington Agreement on establishment of a

Center for settlement of Investment Disputes, as well as Amman Convention on International Commercial Arbitration, Geneva Convention and other conventions related to arbitration issues.

Arbitration Procedures LAR 601: This course includes study of the procedures that are being

taken by the arbitral tribunal to proceed in the course of the dispute from the moment of convening its jurisdiction, summoning the parties thereof, submitting the arbitral writ of summons, writ of rebuttal, convening of the first session and considering the litigants' various defenses, listening to witnesses and requesting the competent court to issue decisions on urgent matters, and then conclusion of the pleading, deliberation until the pronouncing the judgment.

Law Applicable to Arbitration LAR 602: This course includes illustration of the law applicable to arbitration proceedings, the nature of this law and the will of the parties in this regard; illustration of the law applicable to the subject matter of the dispute itself, and the extent of the correlation between this law and the will of parties in addition to its relevance to the subject matter of the dispute.

Arbitration Judgment (Issuance, nullification, and Implementation) LAR 603: This course includes a comprehensive study of the arbitral award from the moment of the issuance thereof, the procedures of its issuance and conditions that should be met thereby, how to formulate the arbitral award, the mechanism to challenge and request for nullification, cases of nullification, the competent court and the time limits for the challenge, and implementation of the arbitral award and implementation grievances.

Role of Judiciary in Arbitration LAR 604: The aim of this course is to give an in-depth idea about judiciary and arbitration, examine the nature of the relationship between judiciary and arbitration, the supportive and supervisory role of judiciary, and the difference between judiciary as a general method for resolving disputes and arbitration as a parallel method for judiciary aims to solve disputes. Additionally, illustrating the extent to which arbitration is dependent on judiciary regarding the arbitration agreement, arbitration proceedings, and implementation of the award. Also, illustrating the aforementioned in the stage of formation of the arbitral tribunal, the stage of proceedings, such as the settlement of the request for the removal of the arbitrator and his response, his role in the field of proof, and in the field of temporary and precautionary measures, his role in the claim for nullification, and the order on enforcement of the award.

International Conventions and Arbitration's Institutions and Centers LAR 606: This course

includes the study of some arbitration agreements both nationally and internationally such as Geneva Convention or the Washington Agreement from which the Washington Center for Settlement of Investment Disputes, Amman Convention on International Commercial Arbitration, And the Arab Convention for Settlement of Investment Disputes and others emerged. This course will also discuss the most important arbitration centers that deal with the adjudication of various disputes, and study their own rules, such as Washington Center for Settlement of Investment Disputes, Center of the International Chamber of Commerce in Paris, Cairo Regional Center for International Commercial Arbitration, and GCC Arbitration Center in Bahrain.

Arbitration in Investment Disputes LAR 607: This course includes a focus on different investment disputes, and resolved through the arbitration system of prescription saves time and effort to the foreign investor and the Contracting Parties, and highlights the most important domestic and international investment agreements, which were taken to arbitration as an approach in resolving investment disputes, and study of special Washington center rules for the settlement of investment disputes through arbitration.

Arbitration in financial markets and bank operations LAR 608: This course involves arbitration in disputes among various national financial markets, the course discusses resolving the disputes between the stock market traders through arbitration rather than the judiciary, and talking about mandatory arbitration.

The course shall also include the means of protection of trade secrets in terms of the civil aspect through illegal competition claim and the claim for compensation in accordance with provisions of the national law, and provisions of the relevant international covenants and agreements, and the latest conventions decided by the judiciary in this regard, whether at the local or international level through a review of some of the practical international issues related to the protection of trade secrets and undisclosed information issues.

International Organizations specialized in intellectual property field.

LIP 611: The curriculum of this course includes the study of international organizations specialized in the field of intellectual property, and Paris Convention for the Protection of Industrial Property, 1886, the Berne Convention for the Protection of Literary and Artistic Property, 1883, the World Intellectual Property Organization (WIPO), in addition to an in-depth study of legal rules for the protection of the intellectual property rights stated in the World Trade Organization (WTO).

Thesis LIP 630: The thesis is a scientific effort based on legal research, analysis, and documentation. It contains a degree of creativity and addition and must come up with specific legal recommendations and opinions that can be implemented to contribute to development of legislation related to the field of intellectual property, and bridge the noted gaps in accordance with a structured scientific methodology. The thesis content shall be prepared, typed and printed in accordance with the instructions issued by the University in this regard.

Professional Master in Sports Law

Course Title: Introduction to the Study of Sports Law

Course Code: 601 Law: This course includes the study of the fundamentals of the law of sports transactions in terms of the concept of sport by language and terminology and the legal standards required to distinguish between them and other show and physical activities, the meaning of sports transactions, their legal, administrative and commercial significance, and their historical origins. The course also deals with the study of various sources of the law of sports transactions such as sports contracts concluded with players, coaches and sponsors; and the international sources represented in international regulations, particularly the Olympic Charter.

Course Title: Sports Disputes and Mechanisms of Settlement and Arbitration

Course Code: Law 602: This course includes the study of all Sports disputes and their relation to the methods of raising and drafting the various judicial proceedings, the nature of the International Sports Court; the

definition of arbitration; the nature, types and forms of sports arbitration; the formulation of the arbitration clause; the mechanisms for settlement of sports and local disputes according to CAS tribunal; management of procedural hearings, classification of Sports disputes; formulation of arbitral tribunal and arbitral chambers and their types i.e. elementary and appellate, mediation and negotiation regulations, and all mechanisms for the settlement of sports disputes.

- The course will also stress on the study of the methods of drafting lawsuits and drafting the rules of procedure for the sports arbitration centers and the regulations and the basics of these centers.

Course Title: The Legal Regulations of Sports Professionalism

Course Code: Law 603: This course includes studying the legal provisions of the professional player and amateur player in terms of the meaning of professionalism and hobby and how to distinguish between them; the special rules regarding the sports full-time approvals in the UAE from the Presidency of the Council of Ministers and their legal effects in terms

of proving professionalism or not; the registration of the player in a sports federation and its provisions. The course is especially concerned with the contract of sports professionalism in terms of its elements and conditions, legitimacy of those conditions and its conformance with *jus cogens* ... and the eligibility required for the contract and the compatibility of sports applications with the overall rules of the law; the disciplinary sanctions imposed on players in terms of their nature and their agreement with the overall legal rules. The course will also discuss the rules governing the transfer of players and the regulations in this regard, as well as the secondment of players and the naturalization of players and the internationally prescribed rules thereon, as well as the role of the agent of players in the contract and the consequent rights thereof.

Course Title: Sports Organization

Course Code: Law 604: This course includes the study of some sports organizations including:

FIFA, one of the most important sports organizations, in terms of its objectives and membership, the procedures for applying for membership, the obligations and rights of the member, cases of deprivation, expulsion and resignation, and the status of FIFA's continental associations.

The course deals with the study of FIFA bodies:

- The legislature - the highest body (legislative)
- Executive Committee - the executive body
- The Secretariat - the administrative body
- Special and permanent committees which assist the Executive Committee to carry out its duties.

Course Title: Practical Training

Course Code: Law 605: This course includes training of students internally and externally in the judicial centers, institutions, clubs, departments and sports councils as well as the General Authority for Youth and Sports Welfare.

Course Title: Sports Legal Terminology in English

Course Code: LAW 606: This course includes the study of Sports legal terminology in English, in the field of sports contracts, international Sports conventions, sports disputes and other legal Sports subjects.

Course Title: Sports Responsibility

Course Code: Law 607: This course includes the study of crimes committed on sports occasions, such as the crimes of the bias of the referees to or against one of the teams with the intention to make it win or lose, or collusion of sports administrations with the intention to change the scores context, or the manipulation of betting with the intention of illegal gain. The player's assault on his/her peers by words or physically beating them or insulting them is an act under the sports disciplinary regulations, which (at the same time) is considered a crime and is a ground for criminal liability of the perpetrator.

Course Title: Contracts, Trademarks and Intellectual Property Rights in the Sports Field

Course Code: Law 608: This course includes the study of all contractual transactions and commercial contracts that regulate sporting events and activities and the associated marketing contracts and sales of tickets and all aspects related to the trade in the sports field. The course also studies the legal regulations of trademarks and intellectual property rights in the sports field in relation to associations and clubs and relative Olympic research. The course also includes the study of all sports contracts for players, administrators and coaches; and memorandums of association of sports companies (ownership and management) in the sports field and the investment aspects arising from establishment of such companies.

The course description includes the study of the sports rights of the players and trainers in the right of image, the right of identity, the right of the name and the relationship between the commercial regulations with the idea of shifting from a hobby to professionalism, cash flow rates, sports tax activities, and added value in the sports field.

Elective courses:

Course Title: The Legal Regulations of Doping

Course Code: Law 609: This course includes the study of the legal regulations of doping in terms of the nature of these doping materials, the reasons for their prohibition, the procedures used to control violations, the implications of proving the use of doping, and how to appeal and challenge the procedures and decisions issued in this regard. The existence of controls and prohibitions of doping materials is one of the approved standards that are determined on the basis of considering a particular activity as a sport or just an activity, show or competition. There is an international convention on doping and a specialized international agency concerned therewith. The establishment of doping requires the study of the extent of responsibility

of different sports parties, such as the doctor, the trainer, and the consequent effects thereof.

Course Title: Contemporary Sports Legal Issues

Course Code: Law 610: This course includes a study of one of the topics of contemporary sports law, such as funding for sports institutions, transforming clubs into joint stock companies, or issues of sports professionalism, stadium security and sports arbitration. The aim of this is that the student to communicate with the latest developments and to have legal convictions that enable him to deal with the requirements of the labor market.

Course Title: Sports Insurance

Course Code: Law 611: This course includes the study of the various provisions of sports insurance, in terms of its nature, parties and the obligations of the insured. Sports insurance may be (and often is) focused on covering insurance against bodily injuries that may affect the player, and may be focused on the liability insurance as is the case for the liability of the player's agent. It may also be appropriate to study public insurance against injuries caused by riots.

The beneficiary in the sports insurance may be the same player, the club may be also insured for the loss due to the player's injury as it is considered as acceptable "insurance interest" to justify the insurance as the player is a national treasure that must be maintained, so the Course is supposed to discuss the consideration of sports insurance as mandatory to ensure the interest of its beneficiaries.

Course Title: Sports Medicine

Course Code: Law 612: This course includes the definition of sports medicine and its fundamentals in terms of interest in the study and diagnosis and treatment of sports injuries. Sports medicine has pre-season tasks such as conducting comprehensive and complete examinations for each athlete. The doctor also diagnoses any injury occurring on the field in a scientific and quick manner, especially as the majority of injuries are diagnosed in the pitch. The doctor will develop a treatment plan according to the diagnosis with a timetable for the rehabilitation of the injured player and follow-up rehabilitation and try to avoid complications. The doctor also oversees the nutrition of the athlete (team) in quantity and quality during the preparation period. It is a good measure that the sports doctor communicates with the players and the trainer to prevent injury and give simple ideas about first aid.

The sports doctor may refer the athlete to any specialist where required.

- Taking care of sports injuries and their effects helps the legal specialist in making the right decision

- A doctor is obliged to do the due diligence of the usual man; therefore, his civil responsibility is established if he made a serious mistake or non-tolerated negligence which may not committed by his/her peers under the same conditions and circumstance. A thorough study should be dedicated for the medical responsibility and the provisions thereof.

- The civil and even the criminal responsibility of the doctor shall be established if it is proven that he/she is involved in giving one or more player any prohibited doping materials.

Course Title: Laws of Sports Games

Course Code: Law 613: This course includes the study of the laws of some sports games in order to complete the technical and legal information.

These laws aim at ensuring fair play and honest competition; and it is likely to study football rules in terms of stadium specifications, and prohibition of any form of publicity (in the pitch, the number of players, their substitutability and penalties for irregularities such as warning ... the referee has absolute power to enforce the rules of the game, to make decisions against violators, and to take the advice of his assistants, and submit a report on the game to the competent authorities for any disciplinary action taken against the players or the team administrators . The referee shall not be responsible for any losses suffered by others as a result of the decisions taken by him and may expel a player in certain cases including committing violent play or misconduct or depriving an opponent team of a goal or a chance to win ... etc.

Course Title: Sports Management

Course Code: Law 614

This course includes the study of the sports management principles, in terms of being a process of planning, leadership and control of the efforts and capacities of the members of the sports institution, and the use of all possibilities and capabilities to achieve the goals set.

Course Title: Sports Charters

Course Code: 615 Law: This course includes the study of the national, Arab and international sports charters of honor, as sports transactions are governed by different sports-legal regulations as well as charters of honor. The application of both (rules and regulations)

ensures adherence to the best sports conduct because the charters complement their scope and the scope of regulations, and deal with a number of important and necessary details and subjects that are not usually within the interests of sports regulations ... For example, under sports conventions, clubs may not approach a player to move to them while he is still contracting with another club without the club's knowledge or notice.

Course Title: Sports Marketing and Investment

Course Code: Law 616: This course includes the study of sports marketing and investment, such as TV or radio transmission contracts, sports sponsorship contracts, advertising, betting, ticketing offices, sports tourism, which aims to enjoyment of some sporting events, and associated hotel contracts booking for airway tickets, and buy souvenirs; and all the legal consequences such as rights and obligations. This course emphasizes the study of sports business and the transactions that are carried out as a matter of course, as one of the business activities as expressly stipulated under the UAE law. The prevalence of professionalism in sports has turned it into a first-class business.

Course Title: Sports Sponsorship

Course Code: Law 617: This course is particularly concerned with the following:

- Required characteristics in the sports administrative director, such as the ability to work and be responsible, accept accountability, grievance and challenge against the decisions and actions taken by him/her, in accordance with the regulations and rules in force, and the ability to balance goals, and make difficult decisions.

- This course also discusses the levels of management: There is a senior management that develops the policies and the general objectives, and prepares the necessary plans and an appropriate organizational structure ... and long term and medium term plans. The middle management monitors the adopted policies, follows up the achievement of the objectives, prepares the sub-plans (short-term plans) and pays attention to

training and development in the sports institution. Finally, executive management (or direct management) takes care of executive staff.

Course Title: Research Project

Course Code: Law 618

1. The student shall know methods and techniques of research, how to choose the subject of the research and the stages of research preparation, research tools and how to identify and search therein, and how to prepare the research plan, the introduction, the subject and the conclusion.

2. The student will prepare a legal research in the specialization chosen by the student. The course instructor will approve the proposed research title and supervise it during the research preparation stage. Upon completion of the research, the student will deliver the research to the supervisor (not less than four copies) at least one week before the start of the final examinations, where the research will be discussed on the date specified by the supervisor and two faculty members chosen by the Dean.

Student Involvement in Research

The University provides an opportunity for both undergraduate and graduate students to undertake a research experience with their faculty members via publishing joint paper(s) in referred journals and conferences. The purpose of this policy is to support student involvement in research and spread the awareness of research roles among the University community.

Graduate and undergraduate students should be and encouraged to take part in research practices and funded research projects, by collaborating with faculty members throughout the core courses such as but not limited to; Capstone Graduation course for undergraduates and Thesis for graduates.

Classroom Research

Involving research in the classroom gives the students an opportunity to practice numerous research methods such as observation, interview, and survey techniques, in addition to data analysis. Such projects usually will not lead to generalizable knowledge and does not require IRB Committee review furthermore; results attained from such research practices shall not be shared outside of the classroom context.

Research Projects

The research projects are student-led and does not meet the criteria for classroom research, that may include, but is not limited to, independent undergraduate capstone, and master's theses. This kind of research is subject to the IRB Committee review.

Student Research Guidelines

- » Students who are interested to work in research project should have the approval from their concerned department.
- » All students involved in research project must have a faculty supervisor for the project.
- » Students' applications to the IRB committee for research projects must be pre-approved by the faculty supervisor before submitting to the IRB.
- » Graduate students must follow the guidelines for the responsible conduct of research in preparing the research proposal and writing up the dissertation.
- » Each graduate student is required to register and obtain an ORIC ID to ensure that their work is recognized.

Faculty Members Role

Faculty supervisors shall promote student's involvement in research via publishing joint paper(s) in referred journals and conferences. Additionally, the faculty supervisor is responsible of the following:

- » Ensure that the student's research practices are in compliance with the ethical standards of the related discipline as well as the Institution's policy on Ethical Research.

- » Advise students throughout the process of development, submission, review, in addition to the implementation of the research project.
- » Ensure that students involved in researches are aware of their responsibilities
- » Ensure that the content, quality, and timing of submitted research meet all the requirements of IRB.
- » Immediately notify the IRB Committee in case of research-related, unanticipated incidents or findings during the research study that may affect the benefits of participation.

Master's Thesis

A Master's thesis must demonstrate a competence of accumulative knowledge in the area of study and reflect the ability to perform research, analyze findings and defend the methodology and conclusions in a scientific approach. This does not necessarily entail an exhaustive analysis of the research in the specific field of study. Expectation for the Master's degree thesis necessitates an adequate level of thoroughness and investigation in the field. The thesis must be written in compliance with scientific and scholarly guidelines and published for the public's interest.

Research Ethics

All faculty members, students, academic visitors must imperatively abide by the responsible conduct of research while carrying out research activities to ensure implying the practice of all aspects of the moral and integrity of doing research and perform the research in responsible, honest, and impartial manner.

Researchers must avoid any intentionally an unintentional falsification, plagiarism, conflict of interest or any form of misconduct, as outlined below:

- **Falsification**

Falsification is the practice of disregarding or changing research data, outcomes, equipment or processes so that research results are no longer reflected precisely in the research study in order to improve the research outcomes, or failed to properly answer the research hypothesis.

- **Fabrication**

Falsify or make up research data or study result and reporting them. Researchers must be mindful of data collection, precise for every fact observed, heard or collected in interviews with reliable data sources and transparent data analysis.

- **Plagiarism**

Plagiarism and misuse of contribution are types of theft that affect the recognition of the original work, which takes time, energy, and resources for the genuine author. Researchers should properly cite and give appropriate credit to original works.

- **Conflict of Influence**

A conflict may arise when researchers who feels strongly about a subject has the possibility to bias the result in favor of personal belief or influence of funding entity. While researchers encourage collaboration and do their utmost to exclude any influence from their investigation. Ensuring data integrity is a primary concern in research and using transparent and reliable data analysis that is adequately prepared to be demonstrable.

- **Inappropriate Data Collection**

Serious deviations from accepted standards in the conduct of research may have serious consequences, also, inappropriate methods of data collection can yield invalid results. While honest errors are not research misconduct, Researchers should also be mindful in their methods of collecting, documenting and data analysis. Data collection should not be conducted without adequate approvals from institutional review board and should comply with all research guidelines and institutional policies.

- **Disclosure of Participants Identity**

Researchers may experience a conflict between comprehensive and detailed data collection and protecting the identity of participants who have been involved in their research. Direct and deductive disclosure of participants identify is a major misconduct. Respect for the confidentiality of participants is the primary ethical consideration in research and the protection of the privacy of participants is a must.

- **Human Subject**

Although the University does not have any biomedical or animal research facilities, however, if research involving human subject or animal may occur, the researchers must comply with effective current federal regulations and policies in the UAE.

- **Responsibility**

The University shall seriously investigate any reported breach of responsible conduct of research in research activities by faculty members, students, professional staff, and academic visitors. The Vice-President of research and advancement shall be responsible of forming a qualified committee to perform such investigation.

Intellectual Property

Intellectual Property denotes the development of original thought, including as but is not limited to publications, artwork, software documentation and applications. All rights in the academic activities research performed by faculty members and students during their tenure in the University are recognized as the University Intellectual Property assets, this includes, but is not limited to research outcomes, projects, thesis, working documents, reports, academic programs, and software design, documentation and applications and/or modified. The inventor defined as but is not limited any University student, academic or administrative employee full-time and part-time who works at or under the auspices of the University.

1. The intellectual property gained in the course instructions and student coursework, utilizing the facilities, equipment or resources of the University, the rights of ownership remain with the University.
2. The Patent Office shall recognize the ownership by intellectual property of the measurable research findings obtained at or in the University auspices on a case-by-case basis. Moreover, If the University does not aim to pursue intellectual property protection, the Patent Office shall inform the inventor that it is permitted to proceed.
3. The faculty members and students shall not be allowed before or after their tenure with AUE to sell, lease and/or share any of the documents with an external group. The University shall legally prohibit faculty and students from infringing copyright, see the Copyright policy for more information.

Copyright

The University shall facilitate to its faculty and students in the open and free setting to conduct scholarly efforts and to publish the results of such research, without limitation, in compliance with applicable copyright laws. This policy permits and allows copyrighted content to be performed and displayed, and outline the fair use of the Faculty and students to copyrighted material. This policy covers University instructions, research, services and any academic activity on-campus or off-campus affecting any faculty and student. Copyright policy considers digital and non-digital works protected by copyright in the same way, and pay special attention to digital technologies incorporated in distance learning and course management systems sharing of course instructions.

Thesis Advisor

A student who opts for the thesis track must choose the thesis advisor in consultation with the Graduate Program Director. The student will collaborate with a faculty who is specialized in the area of the research subject of thesis topic. The students must therefore choose a research subject that suits the area of interest and/or knowledge available to faculty members. A student who selects a subject other than the area of interest and/or expertise of any faculty will have to adjust the emphasis of the thesis.

Thesis Committee

The thesis committee shall oversee the student's oral defense and shall have approval / disapproval authority and responsibility for the submitted thesis. The thesis committee shall be comprised of at least three members including the chair of the committee, from the student's department/college.

Thesis Proposal

Prior the thesis project, the student shall work in close collaboration with the thesis advisor to develop and refine the proposal as appropriate. Once the thesis advisor determines the proposal to be of a level which meets the approval, the student will schedule the presentation of the thesis

proposal to committee members. The proposal presentation involves students explaining the idea, answering questions, and seeking input from the committee.

Completing the Thesis Project

Upon the acceptance of the proposal by the committee, the student shall start working on the thesis project and submits versions to the advisor and adopts his/her feedback, comments, and suggestion accordingly. Once the advisor agrees that the thesis has entered the completion phase of its final examination and that it is of sufficient standard for master level.

Conducting the Defense

The chair of the defense committee shall administer and oversee the defense process and ensure that the defense is carried out properly and the student has a sufficient opportunity to defend his / her thesis. After the critical test of the applicant by the oral defense committee, questions can be asked by those who are present if they are necessary and acceptable, as decided by the defense committee.

When the defense is concluded, the committee's chair shall require a motion, based on the evaluation the committee shall agree on one of the recommendations:

- » **Passing without revisions**, only improvements in spelling, labeling, or numbering are needed. It would include limited sentence amendments.
- » **Passing with minor revisions** involves reorganize parts of the thesis and modify some material.
- »
- » **Passing with major revisions** involves re-writing a whole chapter or document defining additional tables, or modifying the general format

Graduate Faculty

Faculty	Rank	Conferring Institution	Year	Research Type	Research Title
---------	------	------------------------	------	---------------	----------------

Abhilasha Singh	Professor	Ph.D., Psychology(1993), Banaras Hindu University , India//Masters, Applied Psychology(1990), Devi Ahilya Vishwavidyalaya, Indore , India	2019	Article	Degendered Leadership in the UAE: Breaking the Glass Ceiling
